To Flower Lovers :

TULIPS are lower in price this fall than they have been for many years and *now is your opportunity* to start a gay and showy display that will be a delight for years to come. The new crop of Tulips is exceptionally good and we are glad to pass on to you a substantial saving for first-class guaranteed bulbs.

You will find all prices in this catalog very reasonable and we urge you to plant generously this fall.

At little cost you can enjoy a display in your spring garden—an array of colors that in brilliancy and glory will defy the brush of the very best masters of the canvas.

While winter rages and storms outside, you can enjoy their exquisite fragrance and feast your eyes on their glorious colors. But to enjoy them you must plant now for winter blooming in the house.

Flowers!—How much they mean to us, to our friends, to those for whom we care, or perhaps to the stranger who, passing along the wayside, catches a glimpse of their spirit and beauty.

Pleasure and happiness that cannot be measured in money-values are awaiting us, but we must act—we must plant NOW.

We are waiting to serve you.

Faithfully yours,

David Burpee

How to Order Please be careful to sign your full name and complete address on every letter you send us. Always write plainly and be sure to give correct variety numbers.

Our reputation as honest and reliable seedsmen can be learned from any bank or trust company, or from your neighbors. Remit with your order, Post Office Money Order, Express Order, Check, or Draft. If you send Cash or Stamps register your letter.

The liberal Burpee Guarantee should convince you fully of our confidence in the superiority of Burpee's Bulbs and Seeds. And remember, the value of a guarantee is not in *what* is said but *who* says it.

Our Guarantee We guarantee the vitality and purity of our bulbs, roots, and seeds to the full amount of the purchase price, and we guarantee the safe arrival of all goods. You can have your money back any time within the year if you are not satisfied with the results from Burpee's bulbs, roots, or seeds.

But even with Burpee Quality Bulbs and Seeds, success in gardening depends largely upon cultivation, soil, and weather conditions. It is therefore agreed that in no case shall W. Atlee Burpee Co. be liable for more than the amount actually paid for the bulbs and seeds.

This is the guarantee that protects all who purchase from Burpee in Philadelphia.

Burpee's Bulbs are sure to bloom and will give complete satisfaction. When you purchase Burpee's Bulbs you are assured of clean healthy stock that has been properly cured to preserve the life and vigor of the dormant bulb. Buy the best bulbs procurable—they are the cheapest in the end.

We will send them to you by Parcel Post or Express Prepaid, whichever way seems best to us. To our Canadian and foreign customers we prepay the forwarding charges, but the customer pays custom charges upon delivery.

DARWIN TULIPS

Outdoors: The Darwin Tulips come into bloom after the Early Single varieties have finished flowering. They are stronger in growth, a few inches taller, and the flowers are considerably larger. The Tulip lover should plant large

quantities of this type to continue the display after the Early Single Tulips have passed their prime. Darwin Tulips are easily grown and they look well if planted in formal beds, or grouped irregularly among shrubbery or perennials.

In the House: For forcing indoors, the Darwin Tulips are unsurpassed. They bloom shortly after the Early Single varieties, and their fine range of good colors greatly adds to the number of colors that can be had at that season of the year. Planted in pots, they will bloom for nearly two weeks.

9153 Afterglow A late flowering Darwin Tulip with beautiful bright rosy orange flowers, shaded salmon at the edges. The inside of the petals is rich orange; 26 inches tall. 6 for 60¢; 12 for \$1.15; 50 for \$4.35; 100 for \$8.50.

9150 Baron de la Tonnaye See illustration. Bright rose margined with delicate blush-rose. It is an excellent forcing variety and also fine for outdoors. Baron de la Tonnaye is a very popular variety, of strong growth, bearing magnificent flowers which are held upright on long substantial stems. Of stately growth; 28 inches tall. 6 for 30¢; 12 for 55¢; 50 for \$1.95; 100 for \$3.75.

9155 Bleu Aimable A most charming Darwin Tulip. Bright violet-purple with a cast of clear steel blue. The inside of the petals is dark violet-purple showing a distinct blue base. 6 for 35¢; 12 for 60¢; 50 for \$2.10; 100 for \$4.00.

9154 Clara Butt See illustration. The large flowers are well rounded and are clear bright pink tinted with salmon-rose. The petals show a deep blue base on the inside. Clara Butt is an excellent bedding variety because of its strong and sturdy habit; 23 inches tall. 6 for 30¢; 12 for 50¢; 50 for \$1.85; 100 for \$3.50.

9158 Centenaire An early blooming variety with rich violet-rose blooms and a large blue base. Easily forced and wonderful for the garden. Large flowers carried on stems 30 inches tall. 6 for 35¢; 12 for 65¢; 50 for \$2.35; 100 for \$4.50.

9156 Dream Bright Heliotrope with a deep violet hue on the inside. The base is distinctly marked with bright blue. The flowers are large and well formed; 22 inches tall. 6 for 35¢; 12 for 65¢; 50 for \$2.35; 100 for \$4.50.

9157 Euterpe This bright lilac variety is an outstanding color among the Darwin Tulips. It is a color which combines well with all other shades of this class. Large flowers of excellent form; 21 inches tall. 6 for 35¢; 12 for 65¢; 50 for \$2.35; 100 for \$4.50.

9159 Flamingo The flowers are large and well formed, with petals of substantial texture. The color of the blooms is a most pleasing and luminous shade of shell-pink; 22 inches tall. 6 for 35¢; 12 for 65¢; 50 for \$2.35; 100 for \$4.50.

9172 Farncombe Sanders The petals are fiery rose-scarlet on the outside. The inside is vivid cherry-scarlet, showing a blue base and shading into white at the very end. A bold and impressive flower; 27 inches tall. 6 for 30¢; 12 for 55¢; 50 for \$1.95; 100 for \$3.75.

9162 Gretchen (Margaret). See illustration. Pale silvery rose flushed with silvery white. The inside of the petals is soft pink shaded with white and showing a distinct blue blotch near the base. Grows 23 inches tall. 6 for 30¢; 12 for 55¢; 50 for \$1.95; 100 for \$3.75.

9164 Isis Magnificent flowers of a rich fiery crimson-scarlet shade with a blue base and a white halo. Easily forced and excellent for the garden; 26 inches tall. 6 for 35¢; 12 for 65¢; 50 for \$2.45; 100 for \$4.75.

9168 La Tulip Noire A quaint dark velvety maroon color, so dark that it appears nearly black. This is not merely a curiosity—it is a flower of fine size and good form. It adds color contrast to any planting; 24 inches tall. 6 for 40¢; 12 for 75¢; 50 for \$2.85; 100 for \$5.50.

9165 King Harold

Deep rich crimson-red with a sharply contrasting white base. The combination is most artistic and impressive. One of the most vigorous of all Darwin

Tulips, with massive, well-formed flowers borne on long stems; 24 inches tall. It is a sure bloomer. 6 for 35¢; 12 for 65¢; 50 for \$2.35; 100 for \$4.50.

9169 Loveliness See illustration. This is an excellent variety, with flowers of very good size. The color is a lovely soft carmine-rose. A warm and yet brilliant shade with a great appeal. The plants are strong and carry the blooms on long heavy stems. A planting of this variety is a truly magnificent sight. 6 for 35¢; 12 for 65¢; 50 for \$2.35; 100 for \$4.50.

9173 Nauticas This is a beautiful variety, with immense flowers of rich carmine-rose with a bright silky sheen. The base shows a distinct dark violet tint with an attractive bronze tinge overlying it. The blooms are not only large but they are well rounded and of substantial texture. Most attractive if planted with white, yellow, or dark red shades; 26 inches tall. 6 for 35¢; 12 for 65¢; 50 for \$2.35; 100 for \$4.50.

9170 Madame Krelage See illustration. The graceful flowers are bright lilac-rose shading to silvery rose on the edge of the petals. The inside of the flower is deep rose-pink. Plant it in large beds or use it clumped among the shrubbery or in the perennial bed to get the best effect. The even height of the plants adds to the display; 27 inches tall. 6 for 30¢; 12 for 55¢; 50 for \$1.95; 100 for \$3.75.

Darwin Tulips make a charming border

9181 Professor Rauwenhof The petals are bright cherry-red with a glistening scarlet suffusion on the inside. Sharply contrasting with this color is the ivory-white base marked with a bright blue star. Professor Rauwenhof is a decidedly popular Darwin Tulip as its color is distinctive and showy. Its richness of color and massive appearance make it suited for both garden display and forcing indoors. The flowers are large, of very good form, and composed of heavy petals. Grows 28 inches tall. 6 for 35¢; 12 for 60¢; 50 for \$2.10; 100 for \$4.00.

9174 Pride of Haarlem They are most beautiful in the border or among shrubbery. Bright rosy carmine with a blue base. It is a cheerful and charming color, which goes well with the bold, massive flowers. The tall-stemmed flowers are agreeably sweet scented; 27 inches tall. 6 for 30¢; 12 for 55¢; 50 for \$1.95; 100 for \$3.75.

9184 Rev. Ewbank See illustration. A delicate combination of lavender-violet flushed with dove-gray, which deepens somewhat toward the lower part of the petals and is relieved by the contrasting white base. This combination represents a most desirable shade. The blooms are large, of exquisite form, and very artistic appeal. A strong sturdy grower of uniformly large size; 24 inches tall. 6 for 35¢; 12 for 60¢; 50 for \$2.20; 100 for \$4.25.

9190 William Pitt Very dark crimson with a purplish sheen on the outside of the petals. The base is white, starred with blue. A large and graceful flower carried on a heavy stem; 26 inches tall. 6 for 40¢; 12 for 70¢; 50 for \$2.60; 100 for \$5.00.

9189 White Queen (La Candeur) See illustration. Upon opening, the flowers show a slight tinge of rose, but when fully expanded they are practically white. White Queen is fine for outdoors or for winter and spring flowering indoors; 30 inches tall. 6 for 40¢; 12 for 70¢; 50 for \$2.60; 100 for \$5.00.

9192 Zulu Rich velvety purple-black flowers with a brilliant purple edge. The blooms are large, egg shaped, and are fine for forcing or the garden. Height, 27 inches. 6 for 40¢; 12 for 75¢; 50 for \$2.85; 100 for \$5.50.

9193 Darwin Tulips Mixed Our mixture contains a wide range of colors. Many gardeners love variety of color, particularly in the spring garden, and we offer a mixture of Darwin Tulips which will make a fine showing. 6 for 30¢; 12 for 50¢; 50 for \$1.70; 100 for \$3.25; 500 for \$15.50; 1000 for \$30.00.

9176 Princess Juliana Artistic flowers of immense size. The color is an intense scorching orange-scarlet relieved by a white base. The shades which make the most brilliant display usually sell the best, and Princess Juliana is one of the very brightest Darwin Tulips in existence. The richness of color is particularly effective if planted in masses or naturalized in large clumps among shrubbery or the perennial border. A stately variety, growing 26 inches tall. 6 for 40¢; 12 for 75¢; 50 for \$2.85; 100 for \$5.50.

9175 Prince of the Netherlands Bright fiery scarlet flushed with rich salmon-rose. This combination is enlivened by a showy white mid-rib which runs from the blue base to the tips of the petals; 27 inches tall. 6 for 45¢; 12 for 85¢; 50 for \$3.10; 100 for \$6.00.

BREEDER TULIPS

Of all Tulips the Breeders are without question the most striking. With their tall majestic growth and truly enormous blooms, they are rivals to the finest of the Darwins. But it is their rich coloring which places them in a class by themselves—old gold and bronze, crushed strawberry and purple, terra-cotta and salmon, and other rare combinations of odd shades are represented.

Apricot

Feu Ardent
Fire-red flowers
of massive
appearance

9252 Apricot See illustration. Ruddy apricot edged with a bronzy buff seam. The base of the petals is yellow, shading into an olive halo. A magnificent flower of a quaint and artistic color combination. Those who like the unusual will include this showy and free-blooming variety in their planting; 25 inches tall. 3 for 34¢; 6 for 65¢; 12 for \$1.20; 50 for \$4.60; 100 for \$9.00.

9255 Bronze Queen An attractive buff shade, tinged with apricot and golden bronze on the inside. The flowers are remarkably large, carried on long and strong stems. It is excellent for forcing or bedding. Of artistic proportions, substantial in texture, and of massive appearance. The stately flowers are held erect on long and strong stems; 26 inches tall. 3 for 22¢; 6 for 40¢; 12 for 70¢; 50 for \$2.60; 100 for \$5.00.

9257 Cardinal Manning Magnificent large flowers of a dull wine-red flushed rosy brown. A most impressive and stately variety, widely known and planted very extensively; 24 inches tall. 3 for 25¢; 6 for 45¢; 12 for 85¢; 50 for \$3.10; 100 for \$6.00.

9261 Don Pedro A beautiful tint of coffee-brown shaded maroon. The inside of the magnificent flowers is rich mahogany. A good fragrant forcing variety; 23 inches tall. 3 for 34¢; 6 for 65¢; 12 for \$1.20; 50 for \$4.60; 100 for \$9.00.

9264 Feu Ardent See illustration. Large cup-shaped blooms of a rich shade of brilliant fiery red borne on fine long stems. Of immense size, sturdy habit, and showy appearance; 25 inches tall. 3 for 37¢; 6 for 70¢; 12 for \$1.35; 50 for \$5.10; 100 for \$10.00.

9269 Godet Parfait Deep purple-violet with white base. The flowers are very large, massive, and of well-rounded form; 26 inches tall. 3 for 34¢; 6 for 65¢; 12 for \$1.20; 50 for \$4.60; 100 for \$9.00.

9270 Golden Bronze Old gold flushed with Heliotrope on the outside of the petals. The inside is rich mahogany-brown with a contrasting deep yellow base; 25 inches tall. 3 for 22¢; 6 for 40¢; 12 for 70¢; 50 for \$2.60; 100 for \$5.00.

9274 Lucifer Dark orange blooms with a rosy cast and scarlet-orange edge with a yellow base inside; 28 inches tall. 3 for 75¢; 6 for \$1.40; 12 for \$2.65; 50 for \$10.15; 100 for \$20.00.

9275 Louis XIV Dark purple, edged with golden bronze. No other Breeder Tulip can compare with Louis XIV in size of flower, length of stem, and sturdiness of growth. A magnificent flower; 28 inches tall. 3 for 37¢; 6 for 70¢; 12 for \$1.35; 50 for \$5.10; 100 for \$10.00.

Collections of Breeder Tulips

These collections contain the following five Breeder Tulips:

Apricot, Feu Ardent, Godet Parfait,
Medea, and Prince of Orange.

9775—Three bulbs each	(15 bulbs, value	\$1.67),	\$1.40
9776—Six bulbs each	(30 bulbs, value	3.15),	2.65
9777—Twelve bulbs each	(60 bulbs, value	5.95),	4.95
9778—Twenty-five bulbs each	(125 bulbs, value	11.50),	9.50

9278 Madame Lethierry Rich dark cherry-rose, attractively edged and flushed with bright salmon. As a cut-flower it lasts for many days and its cheerful bright color makes it always welcome for home decoration. Madame Lethierry is one of the best known Breeder Tulips and always gives entire satisfaction. The flowers are of magnificent size, heavy substance, and artistic form; 27 inches tall. 3 for 32¢; 6 for 60¢; 12 for \$1.10; 50 for \$4.10; 100 for \$8.00.

9280 Medea This beautiful variety represents a shade which is very difficult to describe—crushed strawberry shaded with bright Heliotrope and having a distinct yellow center. It is a quaint and artistic flower of unusual appeal and can be highly recommended for either forcing or bedding. The immense flowers are carried on fine long stems. They are of excellent form and heavy texture; 17 inches tall. 3 for 25¢; 6 for 45¢; 12 for 85¢; 50 for \$3.10; 100 for \$6.00.

9285 Old Times A grand flower of long, pointed form. It is an unusual color—garnet, edged Primrose-yellow and touched with green near the base. The combination of these shades gives an odd and quaint flower; 24 inches tall. 3 for 29¢; 6 for 55¢; 12 for \$1.00; 50 for \$3.85; 100 for \$7.50.

9286 Panorama The color is rich orange attractively shaded with bright mahogany. The contrasting margin is most attractive; 26 inches tall. 3 for 25¢; 6 for 45¢; 12 for 80¢; 50 for \$2.95; 100 for \$5.75.

9287 Plutarchus Terra-cotta-bronze shaded with pastel lilac. The inside is a shade brighter. A handsome flower borne on a fine long and strong stem; 26 inches tall. 3 for 27¢; 6 for 50¢; 12 for 95¢; 50 for \$3.60; 100 for \$7.00.

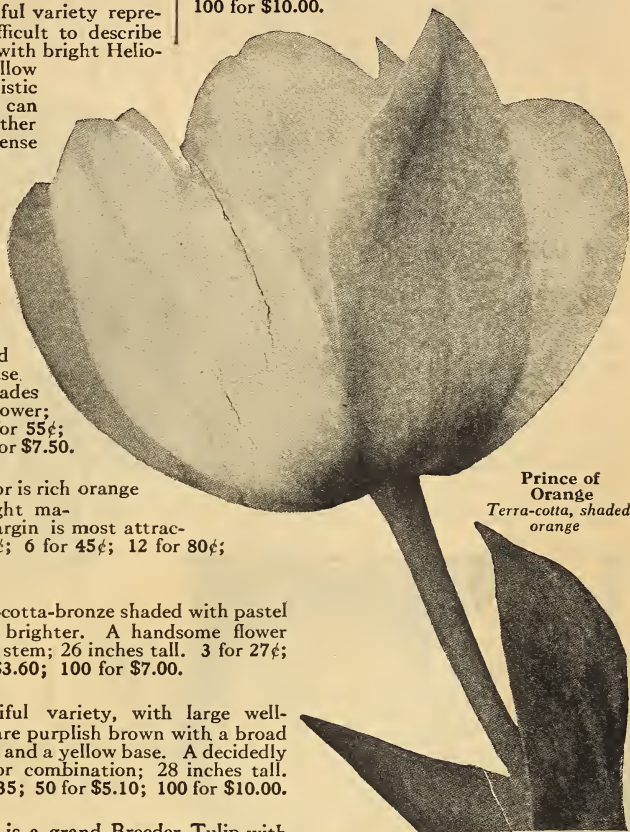

9290 Turenne A beautiful variety, with large well-formed blooms. The flowers are purplish brown with a broad margin of bright amber-yellow and a yellow base. A decidedly quaint yet most artistic color combination; 28 inches tall. 3 for 37¢; 6 for 70¢; 12 for \$1.35; 50 for \$5.10; 100 for \$10.00.

9294 Velvet King This is a grand Breeder Tulip with dark glossy purple-maroon flowers, marked with yellow and blue at the base of the petals. A strong vigorous growth with blooms of enormous size, carried on fine strong stems. Grows to a height of 25 inches. 3 for 37¢; 6 for 70¢; 12 for \$1.35; 50 for \$5.10; 100 for \$10.00.

9293 Vulcain Reddish apricot with a broad margin of bright buff-yellow. The inside of the petals is rich deep apricot edged yellow. The base is green; 25 inches tall. 3 for 45¢; 6 for 80¢; 12 for \$1.55; 50 for \$5.85; 100 for \$11.50.

9297 Breeder Tulips Mixed This mixture contains, in addition to the varieties listed and described on these pages, quite a number of other distinct and beautiful varieties which add to the brilliant and colorful effect of the mixture. They are very showy among perennials and in front of shrubbery. 6 for 35¢; 12 for 60¢; 50 for \$2.15; 100 for \$4.15; 500 for \$19.50; 1000 for \$37.50.

9288 Prince of Orange See illustration. Lovers of Breeder Tulips should not fail to include this fine variety in their garden. It is an outstanding color of rich terra-cotta, scintillating in the bright sunlight with a gleam of bright orange. Each petal has a distinct bright edge of lovely orange-yellow which adds greatly to the fine color effect. The base of the petals is starred with black. Prince of Orange is known for its marked and pleasing fragrance; 22 inches tall. 3 for 37¢; 6 for 70¢; 12 for \$1.35; 50 for \$5.10; 100 for \$10.00.

COTTAGE TULIPS

The May flowering or Cottage Tulips resemble in general habit and growth the Darwins. They also bloom at the same time. This is an advantage because it permits the planting of both types together in a bed and having the varieties in bloom all at the same time. As bedders, to be planted either alone or in clumps placed in the foreground of shrubbery or in the perennial bed, they are unsurpassed. They are also planted extensively for winter blooming because they are easily forced and grow very large.

9205 Carnation This is the Old-English picotee with snow-white blooms, changing to carmine-rose as they open. A wonderful flower of excellent size, carried on fine long stems. A very showy flower. 6 for 35¢; 12 for 60¢; 50 for \$2.10; 100 for \$4.00.

9206 Fairy Queen Soft rosy lilac flowers with a margin of bright amber yellow. The combination of colors is quaint and artistic. The blooms are of large size and very good form. They are carried upright on strong stems. Fairy Queen is a lovely garden variety of excellent and stately habit; 20 inches tall. 6 for 35¢; 12 for 60¢; 50 for \$2.10; 100 for \$4.00.

9210 Gesneriana Major This is a lovely variety with rich crimson-scarlet flowers having a brilliant blue base. The flowers are made up of long narrow petals. A very effective garden variety and excellent for cutting; 23 inches tall. 6 for 35¢; 12 for 60¢; 50 for \$2.10; 100 for \$4.00.

John Ruskin

Salmon-rose, edged
lemon-yellow

9216 John Ruskin See illustration. Mammoth flowers carried on strong stems. The color of the flowers is a beautiful blend of salmon-rose edged with soft lemon-yellow. The inside of the petals is a rich lilac shaded rose with a broad margin of yellow on the inside and a touch of yellow at the base. It is a beautiful variety and a strong grower; 16 inches tall. 6 for 40¢; 12 for 70¢; 50 for \$2.60; 100 for \$5.00.

9214 Inglescomb Pink This lovely Cottage Tulip is one of the most popular of all Giant Tulips because of its attractive color and excellent habit. The flowers are a pleasing soft rosy pink. When they begin to open they show a tinge of salmon evenly cast over the whole flower, but as the flowers age they turn to a pure rose shade. The flowers are large and nearly round. Excellent for borders and easily forced. A stately plant, growing 20 inches tall. 6 for 30¢; 12 for 55¢; 50 for \$1.95; 100 for \$3.75.

Inglescomb Yellow
An exceptionally
fine variety

9215 Inglescomb Yellow This is planted extensively together with all the different colors of the Darwin varieties because the latter class does not contain any bright yellow shades. The golden yellow flowers are of largest size and perfect form. They are heavy, bold, and of massive appearance. The heavy texture of the petals makes it one of the most lasting of all Tulips. 19 inches tall. 6 for 35¢; 12 for 60¢; 50 for \$2.10; 100 for \$4.00.

9212 Idyll A charming variety with blooms of grand size, heavy texture, and carried on strong stems. The color is a rich yet delicate rose with a fine satiny sheen. On the inside the petals show an excellent salmon-pink cast overlying the rose-pink ground color. Those who have a special liking for delicate shades should not miss this. 6 for 45¢; 12 for 85¢; 50 for \$3.10; 100 for \$6.00.

9221 Moonlight This excellent variety is a lovely shade of soft canary-yellow. The flowers are of an oval shape with the outer petals reflexing at the tips. A strong and sturdy grower which makes a fine display in the open and is also grown extensively for late forcing indoors. The flowers look their best when the petals recurve completely, forming a beautiful and graceful star of rare beauty. 6 for 40¢; 12 for 70¢; 50 for \$2.60; 100 for \$5.00.

9220 Mrs. Moon This is an excellent flower of a shape often called Lily Tulips. The blooms when closed are quite long, but when they begin to open the fairly narrow petals spread out so that the flower resembles a typical Lily in form. The color is a **deep lemon-yellow** of great appeal. When the flowers begin to open, just the tips of the petals are reflexed. When fully developed the flower appears as a great star. A free bloomer and strong grower; 25 inches tall. 6 for 45¢; 12 for 85¢; 50 for \$3.10; 100 for \$6.00.

9225 Scarlet Emperor

A most stately and majestic flower, carried on a fine long stem. The color is a brilliant and **glowing scarlet** with the center of the blooms shading into a clear yellow. Scarlet Emperor is a flower of gigantic size and heavy texture. 6 for 45¢; 12 for 85¢; 50 for \$3.10; 100 for \$6.00.

9226 Sirene This is classed as a Lily-flowering variety, as the comparatively narrow petals curve back when the flower begins to open, thereby resembling a Lily in shape. The color is rich **cerise-pink** with a pale pink margin and a white base. 6 for 50¢; 12 for 95¢; 50 for \$3.60; 100 for \$7.00.

9233 Sir Harry See illustration.

This is an unusually fine shade of soft **lavender-pink**. The inside of the petals is relieved by a yellow base and a steel-blue halo. The flowers are large, with pointed petals and broad at the base. They are carried upright on long stems; 26 inches tall. 6 for 40¢; 12 for 75¢; 50 for \$2.85; 100 for \$5.50.

9234 The Fawn A well-shaped flower of wonderful size. When the flowers begin to open they are a lovely and cheerful shade of **rosy amber**. Later when they open up more fully they change to a warm cream shade, artistically splashed with a faint delicate shade of rose; 18 inches tall. 6 for 35¢; 12 for 65¢; 50 for \$2.35; 100 for \$4.50.

9236 Cottage Tulips, Mixed A fine assortment of all the best Cottage Tulips which will give excellent results. This mixture will give a good show if planted in masses, or clumped amid perennials, or to supplement the planting of shrubs. 6 for 30¢; 12 for 50¢; 50 for \$1.70; 100 for \$3.25; 500 for \$15.50; 1000 for \$30.00.

9229 Picotee (Maiden's Blush) Here is a variety of outstanding beauty and great artistic appeal. The shape of the flowers is not unlike that of a Lily. The ground color is **white with a broad margin of deep rose**. The graceful habit of the flowers adds to their interesting appeal whether used for garden display or for cutting; 22 inches tall. 6 for 30¢; 12 for 55¢; 50 for \$1.95; 100 for \$3.75.

9223 Orange King This Tulip should be in every garden. Orange King always draws the greatest admiration. It is a lovely flower of extreme size and artistic proportions. Whether planted in beds or borders or used

for cut-flowers, Orange King will give entire satisfaction.

The color of the flowers is a glistening **deep orange** with a lovely cast of rose on the outside of the petals. The inside is a deep orange-scarlet relieved by a nedge of bright yellow at the base.

This combination of tints has a scintillating sheen in bright sunlight. This variety is remarkably sweet scented; 19 inches tall. 6 for 35¢; 12 for 60¢; 50 for \$2.10; 100 for \$4.00.

EARLY SINGLE TULIPS

Outdoors: These are the first Tulips to come into bloom early in the spring, and they are planted extensively in beds, borders, or clumped together among perennials and in the foreground of shrubbery. They may be had in a magnificent assortment of bright colors. Ask for the Burpee leaflet, "Bulbs for Winter and Spring Blooming," which gives complete planting directions.

In the House: The early single Tulips are grown extensively in pots or pans for indoor blooming. They make the best display if planted not less than six bulbs in a shallow pan, one variety to a pot, to be sure that they will bloom at the same time. The flowers are supported by strong stems and bloom for a long time.

9106 Belle Alliance Showy brilliant scarlet blooms of excellent size, well-rounded form, and carried on strong substantial stems. The richness of the color has made this a very popular variety both for bedding and forcing. 6 for 40¢; 12 for 70¢; 50 for \$2.60; 100 for \$5.00.

9108 Chrysolora Clear golden yellow blooms of a richness and brilliancy that is hard to surpass. The blooms are large, of globular shape, and excellent for bedding purposes. A stately variety growing 11 inches tall. 6 for 40¢; 12 for 70¢; 50 for \$2.60; 100 for \$5.00.

9105 Couleur Cardinal Large flowers of a velvety crimson-cardinal color with yellow in the center and shaded plum on the outside. 6 for 40¢; 12 for 70¢; 50 for \$2.60; 100 for \$5.00.

9109 Crimson Brilliant Rich glowing crimson-scarlet flowers, carried on fine strong stems. An excellent garden and forcing variety, growing 14 inches tall. 6 for 35¢; 12 for 60¢; 50 for \$2.10; 100 for \$4.00.

The early single Tulips are easily grown in the house during winter and spring

Fred Moore
An outstanding variety with large flowers of an artistic form and appealing rosy terra-cotta color. Fine for early forcing

9110 De Wet This is a most outstanding early single Tulip which is always greatly admired because the flowers are of extra large size, massive, and substantial. It is a golden yellow attractively shaded with deep orange. The sweet-scented blooms are particularly suited for forcing. Grows 14 inches tall. 6 for 85¢; 12 for \$1.60; 50 for \$6.10; 100 for \$12.00.

9111 Diana We consider this the best early single white Tulip in existence. The flowers are remarkably large, solid, and pure white. They are excellent for bedding or forcing. 6 for 35¢; 12 for 60¢; 50 for \$2.10; 100 for \$4.00.

9114 Fire Prince (Prince of Austria) A popular variety with bright fiery orange-scarlet flowers with a rich yellow base. A strong grower, fine for the garden and very much used for forcing; 15 inches tall. 6 for 35¢; 12 for 65¢; 50 for \$2.35; 100 for \$4.50.

9120 Keizerskroon One of the most popular and showiest of all Tulips, with a broad edge of rich golden yellow around a vivid crimson-scarlet blotch; 16 inches tall. 6 for 45¢; 12 for 85¢; 50 for \$3.10; 100 for \$6.00.

9115 Flamingo Deep rich rose flowers with a distinct white stripe through the center of each petal. The color is rich yet delicate. Flamingo is a popular variety for garden display and for winter forcing. Grows 13 inches tall and makes a wonderful show. 6 for 35¢; 12 for 65¢; 50 for \$2.35; 100 for \$4.50.

9122 L'Esperance This magnificent early Tulip has large well-formed flowers of a bright rosy lilac edged white. A strong and sturdy grower. A truly exquisite variety. 6 for 35¢; 12 for 65¢; 50 for \$2.35; 100 for \$4.50.

9131 Rose Luisante A fine satiny rose—a most appealing shade. Good for forcing and the open ground; 13 inches tall. 6 for 40¢; 12 for 70¢; 50 for \$2.60; 100 for \$5.00.

9129 Rising Sun This deep golden yellow Tulip has handsome flowers of enormous size. Fine for bedding or forcing; 16 inches tall. 6 for 45¢; 12 for 85¢; 50 for \$3.10; 100 for \$6.00.

9113 Fred Moore Terra-cotta with a rosy sheen, shaded old gold on the edges. Sweet scented, fine for forcing; 15 inches tall. 6 for 35¢; 12 for 60¢; 50 for \$2.10; 100 for \$4.00.

9139 Yellow Prince A very fine yellow, sometimes streaked with dull orange and terra-cotta. A useful bedding and forcing variety. 6 for 35¢; 12 for 60¢; 50 for \$2.20; 100 for \$4.25.

Collections of Early Single Tulips

These collections contain the following four named varieties: Diana, Keizerskroon, Rising Sun, and Rose Luisante.

9743—	6 bulbs each (24 bulbs, value \$1.65),	\$1.40
9744—	12 bulbs each (48 bulbs, value 3.00),	2.50

9145 Early Single Mixed

A grand mixture of all the bright and showy colors described. 6 for 30¢; 12 for 50¢; 25 for 90¢; 50 for \$1.70; 100 for \$3.25; 500 for \$15.50; 1000 for \$30.00.

EARLY DOUBLE TULIPS

The culture of the double varieties is as easy as that of the singles. Planted in pans, they make attractive winter-bloomers and last even longer than the single varieties. They are ideal for outdoor bedding because they make a compact growth and bloom longer than any other type. Of uniform height and massive appearance.

9356 Crown of Gold Rich yellow splashed with orange and red. A glorious flower. 6 for 40¢; 12 for 70¢; 50 for \$2.60; 100 for \$5.00.

9358 Electra An excellent new variety with large double rosy violet blooms. 6 for 45¢; 12 for 85¢; 50 for \$3.10; 100 for \$6.00.

9363 Mr. Van Der Hoeff A beautiful new pure yellow double flowering Tulip. 6 for 45¢; 12 for 85¢; 50 for \$3.10; 100 for \$6.00.

9362 Murrillo White and rose-pink, flushed and streaked; 11 inches tall. 6 for 35¢; 12 for 60¢; 50 for \$2.10; 100 for \$4.00.

9366 Peach Blossom Rose-pink attractively flushed with white; 12 inches tall. 6 for 45¢; 12 for 85¢; 50 for \$3.10; 100 for \$6.00.

9367 Rubra Maxima A large crimson-scarlet flower; 11 inches tall. 6 for 35¢; 12 for 65¢; 50 for \$2.35; 100 for \$4.50.

9373 Tea Rose Saffron-yellow shaded with apricot. A large double flower of a charming and beautiful color combination. 6 for 35¢; 12 for 65¢; 50 for \$2.35; 100 for \$4.50.

9376 Turban Violet Beautiful rosy violet. 6 for 40¢; 12 for 70¢; 50 for \$2.60; 100 for \$5.00.

Snowball

9370 Snowball See illustration. Pure white, Peony-like flowers; 10 inches tall. 6 for 35¢; 12 for 65¢; 50 for \$2.35; 100 for \$4.50.

9380 Early Doubles, Mixed This mixture has been prepared with the utmost care to include the proper proportions of the different colors that are needed to make a colorful and showy appearance in beds, borders, or mixed plantings. 6 for 30¢; 12 for 55¢; 50 for \$1.90; 100 for \$3.60; 500 for \$17.00; 1000 for \$32.50.

Some New and Rare Tulips

9390 Aegir This is an excellent novelty with large flowers of a brilliant orange shaded with cerise. It makes a very attractive display and is of stately and showy habit. 3 for 65¢; 6 for \$1.25; 12 for \$2.40; 100 for \$18.00.

9201 Argo A fine variety for forcing, showing up as a delicate bronze-salmon shade. Grown in the open the round, strong-stemmed blooms are yellow, mottled red, and shading into reddish brown. An outstanding new tulip. 3 for 55¢; 6 for \$1.05; 12 for \$2.00; 100 for \$15.00.

9397 Clusiana The outer petals are bright cherry-red and the inner ones are creamy white with a violet base. A distinct small-flowered botanical species that is much in demand for planting in the perennial border or the rock garden. Plant 6 to 9 inches deep. 3 for 27¢; 6 for 50¢; 12 for 95¢; 100 for \$7.00.

9392 Dulcinea A robust round flower of a glowing orange-red on the inside with a yellow and green base. The outside is vivid red. An excellent forcing variety that has made a great "hit" at all shows. 3 for 55¢; 6 for \$1.05; 12 for \$2.00; 100 for \$15.00.

9213 Marvel A decidedly sweet-scented variety of recent introduction. The inside of the petals is old gold and the outside is rose edged with yellow. Fine for forcing or for the garden, growing 25 inches tall. 3 for 75¢; 6 for \$1.40; 12 for \$2.65; 100 for \$20.00.

9211 Nectar A very effective garden Tulip of a fiery crimson color with a pure white base. The petals are slightly reflexed. Fine for the garden and excellent for early forcing. 3 for 45¢; 6 for 85¢; 12 for \$1.60; 100 for \$12.00.

9332 Vesta This is a wonderful novelty with long stems. Strong flowers of a pure white texture. It has proven to be a very good early forcing variety. 3 for 45¢; 6 for 85¢; 12 for \$1.60; 100 for \$12.00.

Collections of Rare Tulips

These include the seven unusual and rare new varieties described here.

PARROT TULIPS

The Parrot Tulips are of most artistic and quaint form. They are grown outdoors as well as in the house and are highly valued for cut-flowers. The petals of the blooms are laciniated and slashed on the edges, as will be seen in the accompanying illustration. The blooms are large and of striking colors. They are carried on slender stems 14 to 15 inches in height and bloom in the open during the month of May. Because the stems are comparatively slender, the flowers are not suited for general bedding purposes but they are very valuable for growing among shrubbery and in the mixed border, where a natural and graceful effect is the object. As they do not bloom as freely as other Tulips, they should be planted closely together, say, 4 to 5 inches apart, and covered with 2 to 4 inches of soil.

A typical Parrot Tulip

9338 Coffee Color A very striking combination of brown and yellow shades. A most artistic and handsome flower. 6 for 35¢; 12 for 65¢; 50 for \$2.35; 100 for \$4.50.

9339 Cramoisi Brilliant This will appeal to many gardeners, with its large deep crimson flowers. 6 for 35¢; 12 for 65¢; 50 for \$2.35; 100 for \$4.50.

9343 Lutea Major A clear yellow flower with a few stripes and blotches of crimson and green—very odd and striking. 6 for 35¢; 12 for 65¢; 50 for \$2.35; 100 for \$4.50.

9346 Perfecta A greenish yellow ground attractively striped with light scarlet. This is a very odd combination. 6 for 35¢; 12 for 65¢; 50 for \$2.35; 100 for \$4.50.

9353 Superfine, Mixed A mixture of many outstanding self colors and combinations which are excellent for the mixed border. 6 for 35¢; 12 for 60¢; 50 for \$2.05; 100 for \$4.00; 500 for \$18.00; 1000 for \$35.00.

Collections of Four Parrot Tulips

These include the four separate varieties:

9749 —Six each	(24 bulbs, value \$1.40)	\$1.20
9750 —Twelve each	(48 bulbs, value 2.60)	2.00

Scilla—Bluebell

Scillas play an important part for planting in borders and for use as cut-flowers. They bloom in the open during March and April, when planted in October or November. The tops of the bulbs should be covered with about three inches of fine soil and the bulbs should be spaced four to five inches apart. During real winter weather a covering of straw is advisable. For mass effect plant the bulbs in quantity. Let them remain for several years in the same place and they will increase in number, size, and beauty.

For pot-culture, place three to five bulbs in a pan and treat the same as you would Hyacinths or Tulips. Water sparingly until the buds appear, and give them a place where they can get all the sunlight possible. Grown indoors, the blooms develop best if the plants are kept at 35 to 48 degrees Fahrenheit.

9490 Sibirica A popular variety on account of its extremely rich blue flowers, which appear about the same time as the Snowdrops. 6 for 35¢; 12 for 65¢; 50 for \$2.35; 100 for \$4.50.

9491 Campanulata The beautiful bell-shaped sky-blue flowers are borne on slender stems during May and June. 6 for 35¢; 12 for 60¢; 50 for \$2.10; 100 for \$4.00.

SCILLA SIBIRICA

Scillas are splendid for naturalizing because they thrive in shady places where many other flowers will fail

Grape Hyacinths

Grape Hyacinths look well either naturalized, planted in the perennial border, or set as edgings to beds of Hyacinths, Tulips, Narcissus, and other spring-blooming bulbs.

They do best in a medium heavy soil which is well drained and porous. The graceful flower-spikes appear early in April. The flower-stems are six inches or more in length and are covered with miniature bells. Plant in the fall as soon as the bulbs can be had. Cover them with an inch or two of fine soil, setting the bulbs three to four inches apart. During particularly severe winter weather a covering of straw or strawy manure is necessary to protect them against severe frosts.

Grape Hyacinths are also grown extensively for winter-blooming indoors. They require a cool temperature to develop properly and cannot be forced into bloom by heat. Plant ten to twenty bulbs closely together in a shallow pan filled with sand and give the same treatment as you would to Crocus.

9485 Heavenly Blue This is by far the most beautiful of the blue shades, with many fine small bells on a stem. 12 for 50¢; 50 for \$1.85; 100 for \$3.50; 500 for \$16.50.

9486 White This is a white-flowered variety of the popular Grape Hyacinth. In freedom of bloom and attractiveness it vies with Heavenly Blue, and the two look very well planted together. 12 for 70¢; 50 for \$2.60; 100 for \$5.00.

GRAPE HYACINTHS

These hardy little bulbs should be planted in masses

Miniature Hyacinths

Very attractive Hyacinths of miniature size and graceful appearance. The single blooms are set on rather slender stems. These Hyacinths are very fine for potting during winter, placing the bulbs quite closely together, or they may be planted outdoors 4 to 5 inches apart. They are entirely hardy and bloom profusely early in the season. Their graceful habit makes them particularly valuable for this purpose.

9040 Enchantress A lovely light delft-blue shaded with a harmonizing deeper shade of blue. Makes a graceful spike.

9042 King of the Blues The rich dark blue bells are carried on fine slender stems. Blooms very profusely.

9046 Lady Derby Clear rose-pink flowers that make a good showing whether grown outdoors or in the house.

9049 La Victoire An excellent brilliant scarlet variety which is somewhat lighter if grown in the house.

9052 L'Innocence We consider this the very best of all white Hyacinths. Bears a profusion of waxy white bells.

Any of the above: 12¢ each; 3 for 32¢; 6 for 60¢; 12 for \$1.10; 100 for \$8.00.

9055 Miniature Mixed This is a complete mixture of all the various colors of Miniature Hyacinths. 10¢ each; 3 for 27¢; 6 for 50¢; 12 for 95¢; 100 for \$7.00.

Miniature Hyacinths

The Dutch Miniature Hyacinths are unique for mass planting

HYACINTHS

First Size Bulbs

Outdoors: Hyacinths are wonderfully well adapted to planting in beds outdoors, and the attractive display of colors early in the spring is a source of great pleasure to the flower lover. They are easily grown outdoors, planted in the fall, and covered with straw or strawy manure.

In the House: Hyacinths can be had in full bloom in pots, pans, or boxes throughout the winter and until late in the spring. Their delicate perfume and rich gay coloring are always welcome. There are no bulbs easier to raise indoors for blooming during the winter than Hyacinths.

They can be grown either in pots filled with soil or in glasses filled with water. Success with both methods depends on getting the bulbs to make a strong root growth before the top growth begins. This is accomplished by setting the pots or glasses in a cool, airy, and dark place for a period of from 4 to 8 weeks. Afterward they are brought to light and kept at a temperature of from 50 to 60 degrees Fahrenheit until the flowers begin to open up.

Grand Maitre

9009 King of the Blues *Illustrated on the inside front cover.* This out-classes all other deep blue varieties on account of its purity and richness of color. The individual flower-spikes are long and they are fully set with large bells of a rich dark blue color. It is most useful if planted together with any of the lighter shades to bring out its rich color.

King of the Blues is a very good late forcing variety and also makes a fine show in the flower-bed. Of even height, with all flowers coming into bloom at the same time. 25¢ each; 3 for 65¢; 6 for \$1.25; 12 for \$2.40; 100 for \$18.00.

9007 Grand Maitre

See illustration. A glorious spike of large bells closely set on a long and strong stem. The color is a rich deep porcelain-blue of unusual appeal and lasting quality. Excellent for bedding, but just as useful as a forcing variety. It is somewhat slower than other varieties when forced indoors. Because of its compact habit and solid spike of color it is used very widely for pot-plants. 25¢ each; 3 for 65¢; 6 for \$1.25; 12 for \$2.40; 100 for \$18.00.

9014 Lady Derby

Illustrated on the inside front cover. Those who prefer rich pink shades will be delighted with this. The flower-spikes are long and strong and they are closely set with large bells of a beautiful clear rose-pink.

Grown in the open as a bedding variety, it is simply beautiful, but it is also easily forced, making fine pot-plants. Grown indoors the flowers are of a slightly deeper shade. The illustration shows the wonderful habit of the plants and the glorious spikes of flowers they make. It is a sturdy variety with a delightful and refreshing fragrance. 25¢ each; 3 for 65¢; 6 for \$1.25; 12 for \$2.40; 100 for \$18.00.

Collections of Hyacinths

These collections contain the following 5 varieties, all illustrated in colors on the inside front cover—Enchantress, King of the Blues, Lady Derby, La Victoire, and L'Innocence.

9710—One bulb each .. (5 bulbs, value \$1.25), \$1.10

9711—Three bulbs each (15 bulbs, value 3.25), 3.00

9712—Six bulbs each .. (30 bulbs, value 6.25), 5.50

9713—Twelve bulbs each (60 bulbs, value 12.00), 10.00

Lady Derby

9004 Enchantress

Illustrated on the inside front cover. A lovely Hyacinth with long and attractive flower-spikes. The individual bells are closely set on the stem, completely covering it. They are of a beautiful light delft-blue shaded with a somewhat deeper blue.

Enchantress is an early bloomer, valuable for bedding and fine for forcing in pots or in special Hyacinth glasses. It is a standard variety which has been grown and carefully selected for many years by the best Dutch Hyacinth growers, and our present strain is noteworthy for the uniformity of the flower-spikes. This is very important where Hyacinths are grown for bedding purposes, as the plants must be all of the same height and bloom at the same time to give a perfect display.

25¢ each; 3 for 65¢; 6 for \$1.25; 12 for \$2.40; 100 for \$18.00.

We offer large size bulbs, 2/4 to 2 3/8 inches in diameter, the size best suited for forcing as well as for outdoor planting.

9006 Gertrude See illustration. Gertrude is a pretty and charming variety of a **rich carmine-rose** shade. It is a great favorite for outdoor bedding because the plants make a uniform growth and come into bloom all at one time. This is very important in varieties which are grown for bedding.

Gertrude is also a very fine forcing variety, easily grown either in pots or water. The spikes are strong and sturdy and are closely set with large, well-shaped bells. When in full bloom a spike is just a solid mass of color, standing out sharply from the rich green foliage. Gertrude remains in full bloom for a long time. 25¢ each; 3 for 65¢; 6 for \$1.25; 12 for \$2.40; 100 for \$18.00.

9019 La Victoire Illustrated on the inside front cover. One of the earliest of all Hyacinths to come into bloom. It is an excellent bedding variety, with long stems, staying in full bloom for an exceptionally long time. The color of the flowers grown outdoors is a **brilliant scarlet**. When grown under glass it is somewhat lighter. La Victoire is used extensively as a pot-plant, as it forces very easily and makes a very large spike. 25¢ each; 3 for 65¢; 6 for \$1.25; 12 for \$2.40; 100 for \$18.00.

9023 L'Innocence Illustrated on the inside front cover. L'Innocence is the best of all white Hyacinths for all purposes. It is an extra-early variety, bearing long spikes which are closely set with **magnificent white bells**. Grown in beds it makes a beautiful display, but it is also used extensively for growing in pots or in water for winter and early spring blooming in the house. One of the earliest and most dependable for Christmas and early spring forcing. 25¢ each; 3 for 65¢; 6 for \$1.25; 12 for \$2.40; 100 for \$18.00.

9027 Marconi The color of this splendid variety is a shade deeper than Lady Derby. It is a bright **deep rose**, attractively flushed with white. Marconi is highly recommended, particularly for outdoor planting, where it develops handsome and heavy spikes carried on strong, heavy stems. 25¢ each; 3 for 65¢; 6 for \$1.25; 12 for \$2.40; 100 for \$18.00.

9031 Yellow Hammer It is easily forced and forms large compact spikes well set with **rich creamy yellow bells**. Blooms early and is fine for forcing or bedding. 25¢ each; 3 for 65¢; 6 for \$1.25; 12 for \$2.40; 100 for \$18.00.

Second Size Bulbs of Hyacinths

The bulbs of the Second Size Hyacinths are about 2½ inches in diameter. Many gardeners prefer this size for forcing. Excellent for bedding purposes and the bulbs are sure to bloom if they are given average care. Full descriptions of all these varieties are given above and on the opposite page.

Double Trumpet
Narcissus, Von Sion

This valuable class of spring flowering bulbs should be represented in every garden. With the exception of Paper White and Soleil d'Or, they are perfectly hardy and may be left in the ground for many years. They look particularly attractive if planted among shrubbery or perennials which will provide their natural surroundings. In the house they are easily grown in pots, pans, or boxes without the need of a greenhouse. Write for the free Burpee Leaflet, "Bulbs for Winter and Spring Blooming."

Large Trumpet Daffodils

9401 Emperor The flowers are large and of heavy substance, with a deep Primrose-yellow perianth and a rich yellow trumpet. A magnificent and showy variety; grows 20 inches tall. 18¢ each; 3 for 50¢; 6 for 90¢; 12 for \$1.70; 25 for \$3.25; 100 for \$12.50.

9403 Empress A fine large flower with a perianth composed of rather narrow petals of a sulphur-white color. The trumpet is a harmonizing shade of bright golden yellow. 18 inches tall. 18¢ each; 3 for 50¢; 6 for 90¢; 12 for \$1.70; 25 for \$3.25; 100 for \$12.50.

9414 Glory of Sassenheim A very large flower with a yellow trumpet and a creamy white perianth. Long stemmed and very fragrant. 29¢ each; 3 for 80¢; 6 for \$1.50; 12 for \$2.90; 25 for \$5.65; 100 for \$22.00.

9407 Golden Spur A large and remarkably fine flower of a uniform deep golden yellow shade. It is an excellent variety for forcing and will bloom very early if grown outdoors; 16 inches tall. 18¢ each; 3 for 50¢; 6 for 90¢; 12 for \$1.70; 25 for \$3.25; 100 for \$12.50.

9417 King Alfred The huge flowers are well rounded and of a uniform rich golden yellow; 20 inches tall. 33¢ each; 3 for 90¢; 6 for \$1.70; 12 for \$3.25; 25 for \$6.40; 100 for \$25.00.

9415 Olympia Pale yellow perianth with large rich yellow trumpet. A strong grower; 15 inches tall. 40¢ each; 3 for \$1.05; 6 for \$2.00; 12 for \$3.90; 25 for \$7.65; 100 for \$30.00.

9413 Princeps A medium-size flower with a Primrose perianth and a clear yellow trumpet. Easily grown. 15¢ each; 3 for 40¢; 6 for 75¢; 12 for \$1.40; 25 for \$2.75; 100 for \$10.50.

9418 Van Waveren's Giant A large bold flower with a soft Primrose perianth and a large, attractively waved golden yellow trumpet; 17 inches tall. 40¢ each; 3 for \$1.05; 6 for \$2.00; 12 for \$3.90; 25 for \$7.65; 100 for \$30.00.

9420 Victoria The perianth is creamy white and the trumpet is rich yellow. Fragrant; 16 inches tall. 18¢ each; 3 for 50¢; 6 for 90¢; 12 for \$1.70; 25 for \$3.25; 100 for \$12.50.

Double Trumpet Narcissus

9446 Primrose Phoenix An appealing double Daffodil of a large rose shape. The color is a fine lemon-Primrose—soft and pleasing. Very showy flowers of magnificent size. 18¢ each; 3 for 50¢; 6 for 95¢; 12 for \$1.80; 25 for \$3.50; 100 for \$13.50.

9445 Von Sion This fine Double Trumpet variety has large flowers of a lovely golden yellow color. One of the best for forcing since the large flowers last a long time in water. Also good for the open border; 12 inches tall. 20¢ each; 3 for 55¢; 6 for \$1.05; 12 for \$2.00; 25 for \$3.85; 100 for \$15.00.

9460 Paper White (Polyanthus)

These American grown bulbs are the best obtainable. They can be depended upon to give good results but should not be planted before the end of November. This large-flowered Paper White variety is quite often referred to as "Chinese Sacred Lily," which it closely resembles. The clusters of blooms contain 6 to 12 flowers each and are carried on long stems. Easily grown in water and pebbles during the winter. 6 for 65¢; 12 for \$1.20; 25 for \$2.35; 100 for \$9.00; 500 for \$43.50; 1000 for \$85.00.

9456 Poeticus Ornatus Perfectly hardy, beautiful, and sweet-scented flowers produced early in the spring. The blooms measure 2 to 2½ inches in diameter and the perianth is a pure white, sharply contrasting with the cup, which is a rich saffron-yellow edged bright crimson. Excellent for mass planting among shrubs and easily grown in pots indoors. Fine for cutting; 18 inches tall. 3 for 34¢; 6 for 65¢; 12 for \$1.25; 25 for \$2.45; 100 for \$9.50.

9458 Pheasant's Eye (Poeticus) An excellent garden variety for mass planting where a natural effect is desired. Also most showy if grown indoors in pots. The large flowers have a snow-white perianth and the cup is bright scarlet. It should be planted in rather dry soil since the plants do not bloom profusely if kept too wet. 3 for 32¢; 6 for 60¢; 12 for \$1.10; 25 for \$2.10; 100 for \$8.00.

9452 Elvira (Poetaz) Good sized flowers borne in clusters of from 2 to 6 on a strong stem. The perianth is pure white and the cup is a contrasting rich yellow color. This variety grows about 18 inches tall and is well adapted for outdoor planting or for growing in the house during the winter. The Poetaz type of Daffodils is quite often called Hardy Cluster-Flowered Daffodils. They are hybrids originating from crosses between the hardy Poeticus type and the free-blooming Polyanthus type. Extremely hardy, vigorous, and valuable for bedding or forcing. 3 for 37¢; 6 for 70¢; 12 for \$1.35; 25 for \$2.60; 100 for \$10.00.

9474 Mixed Daffodils

Many of our friends have requested us to furnish them with a mixture of Narcissi which could be used for mass planting in the garden, the woodland, or the meadow. Our mixture contains all hardy varieties suited for this purpose. The plants will multiply from year to year and give the natural effect so much desired. 6 for 50¢; 12 for 95¢; 25 for \$1.85; 100 for \$7.00; 500 for \$33.50; 1000 for \$65.00.

Collections of Five Large Daffodils

These collections contain the following large flowering varieties described on the opposite page: **Emperor, Princeps, Victoria, Von Sion, and Barrii Conspicuous.**

9724—Three bulbs each, for. . . . \$1.95
(15 bulbs, value \$2.32)

9725—Six bulbs each, for. . . . 3.60
(30 bulbs, value \$4.30)

9726—Twelve bulbs each, for. . . . 6.90
(60 bulbs, value \$8.15)

9727—Twenty-five bulbs each, for 13.50
(125 bulbs, value \$15.70)

9459 Soleil d'Or (Polyanthus) This attractive variety is as free blooming as Paper White and carries fine heads of intense yellow blooms. The small cup in the center of each bloom is of a contrasting orange color. Excellent for forcing during the winter in water or soil and can be naturalized if planted deeply where the winters are mild. Delicately sweet-scented and excellent as a cut-flower. 3 for 55¢; 6 for \$1.05; 12 for \$2.00; 25 for \$3.85; 100 for \$15.00.

Poeticus
Ornatus

9454 Helios (Poetaz) The flowers are arranged in clusters on fine long stems. They are a pure golden yellow color. Blooms early and freely. Excellent for forcing in the house and, being very hardy, valuable for planting in the open. Planted in clumps among perennials or shrubbery, a very fine display can be created. 3 for 55¢; 6 for \$1.05; 12 for \$2.00; 25 for \$3.85; 100 for \$15.00.

9455 Laurens Koster (Poetaz) A valuable Narcissus which is perfectly hardy and makes a fine show, with its pure white petals surrounding a delicate orange cup. Like all varieties belonging to the Poetaz type, Laurens Koster carries 2 to 6 large flowers on a single stem. 3 for 50¢; 6 for 90¢; 12 for \$1.70; 25 for \$3.25; 100 for \$12.50.

9463 Single Campernelle (Jonquilla)

This type of Narcissus is well known under the name Jonquils. The small graceful blooms are carried on slender stems about 1½ feet tall. Perfectly hardy and free flowering, with 2 to 6 flowers of delicate perfume clustered on a single stem. The blooms are a bright golden yellow color. Jonquils are wonderful for naturalizing in the woodland or the meadow, but they are just as easily forced in pots for winter blooming. Plant the bulbs quite closely together but avoid touching one another. The dark green rush-like foliage is decidedly attractive and the mass of blooms in close plantings gives a wonderful effect early in the spring. 3 for 34¢; 6 for 65¢; 12 for \$1.25; 25 for \$2.45; 100 for \$9.50.

PEONIES

What looks prettier than a well-grown Peony plant covered with a mass of gigantic flowers? The Peony comes into bloom at that time of the year which makes it an extremely desirable flower for use in connection with our national holiday, Memorial Day. With ordinary care the plants will bear their massive, fully double flowers in great profusion from year to year. Plant the roots during August, September, or early October in a bed well prepared and enriched with plenty of well-rotted manure. Cover the crowns with not more than 2 inches of good soil. The flowers, when cut, will last a long time in water. Most varieties as soon as they begin to open up are exquisitely scented and those offered below are the best in their color classes. Write for a free copy of the Burpee leaflet on "Peonies."

8702 Avalanche This is a crown type Peony classed as a midseason or late bloomer. A first-class variety with magnificent flowers opening up just like a rosebud. The color is snow-white with a fine delicate penciling of carmine on the edge of the center petals. Delightfully fragrant and unsurpassed by any other white Peony in existence. 60¢ each; 3 for \$1.60; 6 for \$3.10; 12 for \$5.85.

8700 Baroness Schroeder A rose type late flowering variety, considered the best all-around Peony in existence. The sweet-scented flowers are extremely large and heavy, lasting remarkably long. The center is high and thick. The general color effect is a lovely baby pink, shading to white, but individual flowers vary a trifle, some of them showing a pinkish, others a salmon, and again others a Heliotrope sheen. \$1.00 each; 3 for \$2.70; 6 for \$5.25.

8705 Duchess de Nemours An early flowering crown type Peony, blooming several days after Festiva Maxima. The magnificent snow-white flowers are cup shaped with a faint green sheen when the flowers begin to open. Later they are pure clear white. An upright branching grower, producing a mass of lovely fragrant flowers on long stems. 60¢ each; 3 for \$1.60; 6 for \$3.10; 12 for \$5.85.

8706 Edulis Superba Crown type; very early. This is particularly recommended for Memorial Day blooming because it can be depended upon to bloom at that time. The color is a clear mauve-pink with a beautiful silvery sheen cast over it. The blooms are of immense size, often measuring 7 to 8 inches across. Delightfully fragrant. 60¢ each; 3 for \$1.60; 6 for \$3.10; 12 for \$5.85.

8713 Festiva Maxima An early flowering rose type Peony which should be in every garden. Many consider it not only the best white but the best of all early Peonies. The flowers are marvelous in every respect. They are huge, well formed, substantial, and carried on long, strong stems. The color is glistening snow-white with a few carmine dots at the edges of the center petals. Sweet scented. 65¢ each; 3 for \$1.75; 6 for \$3.30; 12 for \$6.00.

8709 Felix Crousse A rose type late midseason Peony, well known because of its rich red self color—a clear shade free from any suffusion. The blooms are large, globular, solid, and substantial. The brilliant dazzling ruby-red blooms make a wonderful show, particularly if seen in bright sunlight. A free grower, producing a wealth of fine showy flowers. 90¢ each; 3 for \$2.50; 6 for \$4.85; 12 for \$9.25.

8708 Germaine Bigot Crown type; midseason. The blooms are large and compact. They are a flattened shape when fully open. The pale lilac-rose petals are thick and substantial. The guards are attractively splashed with crimson. The collar is also splashed with crimson. Germaine Bigot is a free and continuous bloomer of strong upright habit. A wonderful showy and free-blooming variety. 75¢ each; 3 for \$1.90; 6 for \$3.60; 12 for \$6.75.

8707 Georgiana Shaylor A magnificent rose type variety blooming during midseason. This has always been greatly admired and, in fact, it is an outstanding variety with large, massive blooms composed of many wide petals. The color is a most charming flesh-pink, warm and soft, shading to a very delicate warm flesh-white in the center. It is a strong, vigorous variety, blooming very freely. \$5.50 each; 3 for \$15.50; 6 for \$30.00; 12 for \$58.50.

8712 Jeanne d'Arc Of crown type, blooming during midseason. An extra fine flower which should be in every collection. The color is an appealing soft pink, yet rich and warm, intermingled with a beautiful silvery white, shading and enlivened by an elusive rich rose cast. The center of the flowers is spotted bright carmine. It is a most appealing and stately flower for both the garden and for cutting. 70¢ each; 3 for \$1.80; 6 for \$3.50; 12 for \$6.50.

8720 Karl Rosenfield Of semi-rose type, blooming during midseason. It was awarded first prize in 1908 as the best new Peony not in commerce at that time. Of tall stately habit with excellent velvety crimson blooms. The form of the flowers is almost round and the effect in bright sunlight is most intense and appealing. Those who like rich shades should include this variety in their collection. \$2.00 each; 3 for \$5.40; 6 for \$10.00; 12 for \$19.00.

8728 Le Cygne This is a most remarkable Peony, and because it is a slow propagator it will always be rare. The full, large blooms are thickly packed with small cup-shaped petals and they are smaller in the center than on the outside. The color is milky white, shading to pure white as the flowers open up fully. Free-blooming plants of medium height but most vigorous and of strong constitution. \$9.50 each; 3 for \$26.50; 6 for \$50.00; 12 for \$96.00.

8730 Madame Ducl Of bomb type, blooming during midseason, with broad guard petals, and the center being a huge ball of finely curved petals. Very large and strong. The color is a glistening lilac-pink with a touch of rosy mauve. Madame Ducl is a free-blooming and strong-growing Peony which makes a wonderful display with its double compact blooms. The showy majestic blooms are carried on fine long stems. 65¢ each; 3 for \$1.75; 6 for \$3.30; 12 for \$6.00.

Four Glorious Peonies

8727 Madame August Dessert

An early midseason Peony with large cup-shaped flowers of perfect form. The petals are of well-rounded shape. It is an extra fine free-blooming variety, of a rich and beautiful flesh tint, with just a touch of bright carmine enlivening the whole flower. The center of the blooms is marked with spots of bright crimson. A strong grower and profuse bloomer. \$1.00 each; 3 for \$2.70; 6 for \$5.25; 12 for \$10.00.

8719 Milton Hill

This has always been considered a great variety belonging to the late blooming class of Peonies. The petals are of exquisite texture which goes well with the beautiful shell-pink color of the blooms. It is a flower of magnificent size and excellent form, the petals being crowded together into a massive and majestic flower. It is a valuable variety. \$4.50 each; 3 for \$12.00; 6 for \$23.00; 12 for \$45.00.

8717 Mons. Jules Elie

An early mid-season bloomer belonging to the bomb type. Immense blooms crowded with exquisite petals into a globular, well-rounded flower. The color is a glossy lilac-pink shading to deep rose at the base. There is a glistening sheen overlying the whole flower, adding a brilliant touch to it. A wonderful and popular variety. \$1.00 each; 3 for \$2.70; 6 for \$5.25; 12 for \$10.00.

8716 Mons. Martin Cahuzac

A semi-rose type Peony blooming during midseason. Truly a marvelous variety which has always been in great demand. The flowers are large and massive. They are well formed, with the petals crowded together into a full solid ball. The color is a rich deep maroon with a cast of garnet and a metallic black lustre. It will add a rich contrast to your collection. \$3.25 each; 3 for \$9.00; 6 for \$17.50; 12 for \$34.00.

8726 Primevere

Blooms during midseason and produces magnificent trusses of fine bomb type blooms. Carried on tall strong stems are excellent solid flowers with broad sulphur-white outer petals and deep sulphur-yellow falls. This is considered by many the best yellow Peony in existence even though the color is quite light. A strong, vigorous variety, producing a wealth of flowers which are excellent for cutting even though they lack fragrance. \$3.75 each; 3 for \$10.75; 6 for \$20.50; 12 for \$40.00.

8718 Rubra Superba

Brilliant deep crimson flowers borne very late in the season. A rose type, making a most magnificent show. The color is brilliant and intense and is much in demand, largely due to the fact that this is the best keeping Peony we have ever seen. The blooms are double, exquisitely fragrant, and excellent for both garden display and for cutting. Rubra Superba is a good, vigorous grower. 65¢ each; 3 for \$1.75; 6 for \$3.30; 12 for \$6.00.

8723 Sarah Bernhardt

There is no other Peony which makes such a strong growth as this variety, blooming during the late midseason. It belongs to the semi-rose type. Most gardeners who have seen this variety have become enthused about it and justly so. It is a huge, full, and double flower of unusual perfection. The petals are large, imbricated, twisted, and fimbriated. The color is a fine apple-blossom-pink. Each petal is tipped with silver-pink and bordered pure white. Agreeably fragrant. \$1.75 each; 3 for \$4.75; 6 for \$9.00; 12 for \$17.00.

8725 Solange

A splendid variety of remarkable size and outstanding beauty. The color is most unusual and rare. It is a bluish-white with a salmon center, having a bright coffee-brown sheen with a metallic lustre. This makes a wonderful combination with the underlying salmon tone. Full, globular blooms with a crested tuft in the center. It is impossible to portray in words both the exquisite beauty of the flower and its color. \$4.50 each; 3 for \$12.00; 6 for \$23.00; 12 for \$45.00.

8710 Therese

Many writers have expressed themselves in the most glorious terms about this wonderful mid-season variety belonging to the rose type. The color is a rich satiny pink with a silky sheen. The flowers are enormous yet well shaped and of good proportions. Wherever it has been exhibited it has always been greatly admired. There are few other varieties that can compare with it in beauty. \$4.50 each; 3 for \$12.00; 6 for \$23.00; 12 for \$45.00.

8722 Umbellata Rosea

Here is a good very early blooming rose type Peony at a price that makes it available for every garden. Those who want a large showy flower of an appealing color will find Umbellata Rosea very satisfactory. The guards are a lovely violet-rose, shading to amber-white in the center. A strong grower of upright habit, producing a wealth of fine blooms. 60¢ each; 3 for \$1.60; 6 for \$3.10; 12 for \$5.85.

8724 Venus

A fragrant and appealing variety belonging to the crown type. Flowers during midseason and produces a wealth of blooms. The color is delicate shell-pink. Venus makes a strong stately plant and has again and again been chosen as one of the very best Peonies in existence. For cut-flowers it ranks most highly. \$1.00 each; 3 for \$2.70; 6 for \$5.25; 12 for \$10.00.

8729 Walter Faxon

A rare and beautiful variety that will appeal to the collector who wishes something outstanding. It belongs to the semi-rose type and blooms during midseason. There is something elusive and fascinating about the delicate bright rosy pink flowers. Walter Faxon produces a wealth of well-shaped blooms carried upright on strong stems above the healthy green foliage. The color is refreshing yet delicate and of enchanting beauty. \$5.50 each; 3 for \$15.50; 6 for \$30.00; 12 for \$58.50.

Six Standard Peonies

Burpee's Hardy Phlox

Greatly reduced

8750 Antoine Mercie A very showy perennial Phlox of a rather unusual color. The flowers are a bright and vivid shade of lilac with a contrasting pure white eye. This makes a strong growth and produces a profusion of large well-rounded flower-heads. It looks particularly attractive if planted in masses. 40¢ each; 3 for \$1.05; 6 for \$2.00; 12 for \$3.90; 25 for \$7.65; 50 for \$15.15.

8751 Beacon A most magnificent flower of a brilliant cherry-red shade. Beacon is easily grown and blooms very profusely. The flower-heads are simply immense. They are carried on fine stems above the rich green foliage. This shade looks its best if seen in bright sunlight. The plants grow stronger every year and make a magnificent show, with their brightly colored blooms. 35¢ each; 3 for 95¢; 6 for \$1.80; 12 for \$3.50; 25 for \$6.90; 50 for \$13.65.

8756 B. Compte This is a very brilliant and showy variety of good strong growth and most profuse blooming. The individual flowers are large and combine into magnificent trusses of a brilliant French purple shade. This color is unusually bright and never fails to receive favorable attention. It looks best if planted in combination with some white variety. 35¢ each; 3 for 95¢; 6 for \$1.80; 12 for \$3.50; 25 for \$6.90; 50 for \$13.65.

8764 Commander (Von Hindenburg) A newer variety of exceptional beauty. The large massive flower-heads are brilliant crimson-red with a pleasing and contrasting darker eye. Commander grows very freely and blooms profusely. The plants are sturdy and well-branched. They increase rapidly with every year. 40¢ each; 3 for \$1.05; 6 for \$2.00; 12 for \$3.90; 25 for \$7.65; 50 for \$15.15.

8757 Elizabeth Campbell Of all Hardy Phlox, Elizabeth Campbell is perhaps the most popular on account of its outstanding color and other remarkable characteristics. The color of the flowers is a pleasing light salmon enlivened by a pinkish tint toward the center. Easily grown and exceptionally showy. 35¢ each; 3 for 95¢; 6 for \$1.80; 12 for \$3.50; 25 for \$6.90; 50 for \$13.65.

Collections of Eight Hardy Phlox

These eight varieties are all illustrated in color on the Back Cover: Thor, Europa, Widar, Rynstrom, Firebrand, Mrs. William Jenkins, Beacon, and Jules Sandeau.

9875—One each.....(8 roots, value \$2.35) **\$1.75**

9876—Three each . . . (24 roots, value 6.40) 4.75

9877—Six each (48 roots, value 12.15) 8.75

The Hardy Phlox belongs to our prettiest and most showy perennials. It is easily grown and thrives well even under adverse conditions of weather and soil. The plants are perfectly hardy and after once being established will become more showy with every year. The plants will spread with each season and make solid clumps, which during flowering time are literally covered with the handsome flower-heads. Hardy Phlox may be used to good advantage in front of shrubbery or among other perennials. The plants are a mass of blooms all during the spring and early summer.

8759 Europa Europa has always been a great favorite with many gardeners because of its exceptionally showy appearance. It is a strong grower, producing a mass of substantial upright stems crowned by large clusters of flowers. The blooms are white, with a fine light crimson eye in the center. This looks very well mixed in the perennial border or in the foreground of shrubbery. 30¢ each; 3 for 85¢; 6 for \$1.60; 12 for \$3.05; 25 for \$6.00; 50 for \$11.90.

8761 Ferdinand Cortez Those who prefer the richer and darker shades should give this excellent variety a trial. The color is an intense rich crimson shade with a brilliancy most appealing when seen in the bright sun. A vigorous grower which produces a mass of large bold flower-heads. The individual blooms are of good size, forming a dense round head. 35¢ each; 3 for 95¢; 6 for \$1.80; 12 for \$3.50; 25 for \$6.90; 50 for \$13.65.

8768 Firebrand A most outstanding and rich variety introduced not so many years ago. It is, without question, the largest flowering Phlox in the orange-red section. The blooms are a lovely shade of glistening cerise shaded with vermilion and flamed with brilliant orange. A mass of these plants gives a picture of indescribable beauty. Of easy strong growth and entirely hardy. 35¢ each; 3 for 95¢; 6 for \$1.80; 12 for \$3.50; 25 for \$6.90; 50 for \$13.65.

8766 Jules Sandeau Jules Sandeau is grown extensively where a variety of dwarf habit is wanted and it fills this place admirably well. In size of the individual flowers and flower-heads and in free-blooming character it holds its own with the taller growing varieties. The color is a fine pure shade of bright pink. 30¢ each; 3 for 85¢; 6 for \$1.60; 12 for \$3.05; 25 for \$6.00; 50 for \$11.90.

8765 Mrs. Milly van Hoboken A very fine new variety which has quickly gained the popular favor of many gardeners. It surely is an outstanding variety in many ways. The color of the blooms is bright shell-pink with a silver reverse and showing a varying suffusion of bright mauve. The lovely carmine eye adds to the pleasing effect of the flowers. 40¢ each; 3 for \$1.05; 6 for \$2.00; 12 for \$3.90; 25 for \$7.65; 50 for \$15.15.

8774 Mrs. William Jenkins Here is a variety which enjoys as great popularity now as it did when first introduced. It forms magnificent plants, growing about 3 feet tall. Of strong growth with rich bright green foliage, surmounted by large well-rounded heads of snow-white blooms. It is by far the best white Phlox and blooms exceedingly early. 25¢ each; 3 for 65¢; 6 for \$1.25; 12 for \$2.40; 25 for \$4.65; 50 for \$9.15.

8776 Rheinlander The beautiful carmine-pink flowers of this variety always attract attention. They are of large size, forming fine globular trusses carried against a background of rich green foliage. It is a free-blooming variety which makes a very large plant covered with flower-heads during the blooming season. 30¢ each; 3 for 85¢; 6 for \$1.60; 12 for \$3.05; 25 for \$6.00; 50 for \$11.90.

8778 Rynstrom An excellent variety which originated in Europe but has gained a strong foothold in America due to its many valuable points. The individual flowers are very large and they combine into heavy, massive trusses of a bright rose-pink shade. An exceptionally strong grower, free blooming, and of showy habit. 25¢ each; 3 for 65¢; 6 for \$1.25; 12 for \$2.40; 25 for \$4.65; 50 for \$9.15.

8784 Thor In this variety we have a fine combination of bright and silky salmon-pink with a deep crimson eye in the center. The color contrast is very outstanding and pleasing to the eye. Thor is worth growing not only because of its excellent color but also because of its outstanding habit of growth. 30¢ each; 3 for 85¢; 6 for \$1.60; 12 for \$3.05; 25 for \$6.00; 50 for \$11.90.

8792 Widar Widar is a popular variety. The plants make a strong and stocky growth. They are free-blooming and carry the flower-trusses on long strong stems well above the foliage. The individual blooms are large and well formed. They are placed closely together, making a solid truss or ball of flowers. The color of the blooms is a light rose violet with a white center. 25¢ each; 3 for 65¢; 6 for \$1.25; 12 for \$2.40; 25 for \$4.65; 50 for \$9.15.

Spiraea or Astilbe

These handsome perennial plants deserve to be grown by far more widely. They form neat compact bushes 2 to 3 feet tall. Spiraeas do best in a fairly rich soil and bloom profusely during the summer and fall. They can also be grown indoors during winter and early spring where they will flower in 10 to 14 weeks after planting.

8662 America The large and graceful panicles are a beautiful violet-blue color. A strong grower and profuse bloomer. 75¢ each; 3 for \$2.05; 6 for \$3.95; 12 for \$7.75.

8664 Gladstone This is the very best white of all Hardy Spiraeas. Blooms freely. 75¢ each; 3 for \$2.05; 6 for \$3.95; 12 for \$7.75.

8666 Peach Blossom A handsome variety with delicate light pink flowers. 75¢ each; 3 for \$2.05; 6 for \$3.95; 12 for \$7.75.

8669 Queen Alexandria Crowned with handsome rose-pink flower-spikes. 75¢ each; 3 for \$2.05; 6 for \$3.95; 12 for \$7.75.

8672 Rubens This is an outstanding variety of clear carmine color. 75¢ each; 3 for \$2.05; 6 for \$3.95; 12 for \$7.75.

LILIES

Lilies are the symbol of beauty. They are easily grown and the varieties we list are perfectly hardy. With every year they will increase in size and attractiveness. Lilies do best in a well-drained sandy soil which should be fairly rich. The plants need plenty of water during periods of drought. Plant the bulbs as early in the fall as they can be had. It is important to plant deeply. As a general rule, the top of the bulb should be located three times as deep as the greatest diameter of the bulb. The distance between the plants should be from 12 to 18 inches. To provide the necessary drainage dig the hole which is to hold the bulb and place the bulb at the bottom on a layer of sand, filling in fine sand all around it until completely covered. On top of this is placed ordinary garden soil. Many bulbs are late maturing and cannot be shipped before November first. Where the ground is likely to freeze before the bulbs arrive, cover it with a mulch of straw, manure, or leaves several inches deep to keep the ground in condition for planting as soon as the bulbs are received. These late plantings are usually very successful.

8602 Bermuda Easter Lily (Harrisii)

See illustration. The Bermuda Easter Lily is the strongest of all the longiflorum Lilies, which are commonly known as Japanese Easter Lilies. This variety is the one planted extensively for winter blooming and is forced in great quantities for Easter. The plants grow 4 feet tall, carrying from five to twenty large, waxy white flowers on a single stem. The blooms have a delightful fragrance. The individual flowers measure 4 to 6 inches in length and are quite often tinged with green near the base. The anthers are yellow. Planted in the open, they make a sturdy growth and bloom during July and early August. Ready for delivery in September. 35¢ each; 3 for 95¢; 6 for \$1.80; 12 for \$3.50.

Golden Banded
Lily of Japan

8614 Easter Lily (Formosum) This is quite similar to the Bermuda Easter Lily. However, it does not make as tall a growth, but is better suited for outdoor planting in the garden. It is also known as Japanese Easter Lily and Trumpet Lily. The plants grow one to three feet in height and bear at the top a whorl of one to ten flowers. The blooms are 4 to 6 inches long and nearly as wide. The waxy white corolla is relieved by a greenish tinge at the base and by the bright yellow anthers. The plants bloom profusely during July and early August.

This fine Lily is entirely hardy if planted in a suitable location and the plants will increase in size and beauty with every year. It develops its fullest beauty if the bulbs are left undisturbed. Ready for delivery November 1st. 45¢ each; 3 for \$1.20; 6 for \$2.30; 12 for \$4.50.

8619 Golden Banded Lily of Japan (Auratum)

See illustration. This is also known as Golden-Rayed and The Queen of Lilies. It is a magnificent variety, with strong stems growing 3 to 6 feet in height. Each stem carries from two to fifteen flowers. The blooms are of enormous size, measuring 6 to 10 inches in diameter. They are delightfully fragrant. The petals are pure white, attractively spotted with bright crimson. There is a yellow band running along the mid-rib, extending the whole length of each petal. It is this characteristic which has given the flower its name, Golden Banded Lily. The deep red anthers add greatly to the color contrast.

Even though it is a hardy variety it sometimes disappears two or three years after planting. However, it is of such outstanding beauty that it should be grown everywhere, even if replanting is necessary. Blooms during July and August. Ready for delivery November 1st. 35¢ each; 3 for 95¢; 6 for \$1.80; 12 for \$3.50.

8625 Madonna Lily (Candidum)

See illustration. Some gardeners call this variety Annunciation Lily, Lent Lily, Bourbon Lily, or St. Joseph's Lily. The large number of common names is a sure sign of its great popularity among gardeners. The plants grow 2 to 4 feet tall and bear a large number of rich, deep green, narrow leaves all along the stems. The flowers measure 3 to 4 inches in length and are fully as wide. They are borne in clusters of from 3 to 20 at the top of each stem. They have a delightful fragrance. The

blooms are waxy white and have yellow anthers. This is considered by many to be the Lily referred to in the Bible. It is of easy cultivation and does well in any soil or location, lasting almost indefinitely after once being established. For forcing it is unsurpassed. Planted outdoors it blooms during June and July. Ready for delivery in September. 30¢ each; 3 for 85¢; 6 for \$1.60; 12 for \$3.05.

8631 Royal Lily (*Lilium Regale*)

See illustration. This is one of the most beautiful of all Lilies. The blooms are borne in clusters and measure 4 to 6 inches in length. They have a sweet fragrance. The inside of the flowers is bright canary-yellow in the throat, shading to blush-white toward the edges. Quite often there is a pink suffusion throughout the whole flower. The outside is a waxy white with a purple midrib running through the center. Blooms profusely during July and early August. Ready for delivery November 1. 60¢ each; 3 for \$1.60; 6 for \$3.05; 12 for \$5.95; 25 for \$11.75; 50 for \$23.40; 100 for \$46.50.

8644 Turk's Cap Lily (*Battermanniae*)

An excellent Lily, native of Japan. Its hardiness, strong sturdy growth, and ease of cultivation make it one of the most desirable of all Lilies. Carried on a strong stem, 2 to 4 feet tall, is a magnificent cluster of flowers—sometimes as many as 12 blooms in a cluster. The individual blooms measure 3 to 5 inches in diameter. They are a pale orange-red or apricot, sometimes tinged with pink, but free from any spots or markings. 45¢ each; 3 for \$1.20; 6 for \$2.30; 12 for \$4.50; 25 for \$8.90.

8603 Canadian Lily (*Canadense*)

This is also known as Meadow Lily and Wild Yellow Lily. The plants grow 2 to 5 feet tall, bearing from one to ten flowers on a single stem. The individual blooms are 2 to 3 inches long and they are nearly as wide. The color is a bright orange-yellow, attractively spotted with purplish brown. The anthers are red. On account of its ease of cultivation and its gracefulness it is planted extensively by many gardeners. The blooming period falls from late June to early August. Ready for delivery November 1. 25¢ each; 3 for 70¢; 6 for \$1.30; 12 for \$2.45.

8654 Yellow Show Lily (*Henryi*)

See illustration. This variety is native to Central China. It is one of the very best of all Lilies for general cultivation, doing well in almost any soil and situation. It is long-lived, hardy, and strong growing. The plants grow 4 to 8 feet tall, bearing a large number of long, narrow leaves. There are as many as 20 blooms on a stem.

The individual flowers measure 3 to 4 inches in diameter and they are a bright orange-yellow, spotted reddish brown and having a green band at the base of each petal. The anthers are bright orange-red. Blooms during August and September. Ready for delivery November 1. 65¢ each; 3 for \$1.75; 6 for \$3.35; 12 for \$6.55.

8638 Swamp Lily (*Superbum*)

This is also known as the American Turk's Cap Lily. The flowering plants are 3 to 8 feet tall, with as many as 40 flowers crowning each stem. The diameter of the individual flowers is 3 to 4 inches, and the color is a brilliant orange-scarlet, shaded yellow and spotted purplish brown at the base. The anthers are bright red. Blooms from late July to early September. Ready for delivery in October. 25¢ each; 3 for 70¢; 6 for \$1.30; 12 for \$2.45.

Yellow Show Lily

8634 Show Lily (*Speciosum rubrum*)

See illustration. A beautiful Lily for growing either in the garden or in pots. The flowers are borne in clusters at the top of a stem 2 to 4 feet in height. The individual blooms measure 4 to 6 inches in diameter. They are white, most attractively suffused with rose-pink in the center and spotted with rich mahogany-red. The base shows a green stripe and the anthers are red. Blooms profusely during August and September. Ready for delivery in October. 30¢ each; 3 for 85¢; 6 for \$1.60; 12 for \$3.05.

8653 Yellow Japanese Lily (*Hansonii*)

This is a most beautiful and outstanding variety for general cultivation, being permanent, very strong, robust, and easily grown. The plants grow 3 to 5 feet tall and each stem bears as many as 10 flowers. The blooms are most showy, with their bright golden yellow flowers, spotted purplish brown. They are slightly fragrant. The anthers are orange-red. Blooms during June and early July. Ready for delivery November 1. 65¢ each; 3 for \$1.75; 6 for \$3.35; 12 for \$6.55.

BEARDED IRIS

The Bearded or Flag Iris comprises the various classes of Iris Germanica and other species, all being of tall, strong growth and doing well in a fairly dry, well-drained location. They are of easiest culture, blooming freely in any average soil. They are perfectly hardy and when in full bloom present a beautiful sight. The flowers are borne on long, strong stems above the foliage. They make good cut-flowers, lasting a long time in water. The Bearded Iris blooms during June.

Ten Beautiful Bearded Iris

JAPANESE IRIS

The Japanese Iris enjoy great popularity because of their exceptional showiness and ease with which they are grown. They are entirely hardy and do best if planted in soil which is fairly moist and cool. For that reason they are used extensively for planting in masses along streams or ponds where they will quickly naturalize and multiply. The richly colored and showy blooms are borne during June and July.

8538 Azure A fine double variety with immense mauve-blue flowers showing a darker halo around the yellow blotch at the base. A glorious variety, with well-expanded massive blooms carried on fine long stems. Grows freely and makes a wonderful show. 40¢ each; 3 for \$1.05; 6 for \$2.00; 12 for \$3.90.

8550 Catherine Parry A new double variety of a fine blue shade overlaid with rich rosy red. The high tufts in the center are almost triple. Very outstanding in every way and blooming profusely. 50¢ each; 3 for \$1.30; 6 for \$2.50; 12 for \$4.90.

8537 Gold Bound This is another very popular double Japanese Iris with pure white flowers of exceptional size, having a gold bounded center. The plants are of sturdy growth and bloom profusely. 45¢ each; 3 for \$1.20; 6 for \$2.30; 12 for \$4.50.

8549 Indo Large expanded single blooms with wavy petals of largest size. The color is rich dark blue showing a few slight veins. The center is marked with a yellow blotch of unusual brightness. 40¢ each; 3 for \$1.05; 6 for \$2.00; 12 for \$3.90.

8543 Pyramid The rich violet-purple flowers are double and show beautiful white veins in the center of each petal. The contrast is very attractive. Easily grown and blooming profusely on fine long stems. 40¢ each; 3 for \$1.05; 6 for \$2.00; 12 for \$3.90.

8544 Red Riding Hood An unusual shade combined with a fine single flower. The color is Amaranth-pink veined and suffused with white. This never fails to attract attention. 35¢ each; 3 for 95¢; 6 for \$1.80; 12 for \$3.50.

8548 Seedlings of Japanese Iris We consider this the finest mixture of Japanese Iris that has ever been offered. It contains a large number of varieties and some very fine seedlings which have never been introduced. 3 for 40¢; 6 for 75¢; 12 for \$1.40; 25 for \$2.75; 50 for \$5.35; 100 for \$10.50.

The Japanese Iris are admirably adapted for planting along streams or ponds

SIBERIAN IRIS

The Siberian Iris make compact plants with dark green leaves which are 1 to 2 feet long. The flower-stems are slender and bear small clusters of blooms at the top. The individual flowers are not large but are valuable for beds, borders, or for cutting. The Siberian Iris are easily grown and if left undisturbed will multiply very rapidly. They are easily naturalized in most places and thrive where they do not suffer from want of water, even though they do well in beds or borders where they receive just an average amount of moisture. As cut flowers they last a long time in water.

8551 Blue King This is a pretty, clear blue flower. The plants are very attractive, even when not in bloom. The flowers are borne in great abundance and form a fine contrast to the rich dark green leaves. Planted in masses this makes a particularly fine display during a few weeks of spring. 25¢ each; 3 for 65¢; 6 for \$1.25; 12 for \$2.40; 50 for \$9.15.

8555 Purple The rich color of this Siberian Iris is mainly responsible for its great popularity. It blooms freely, with graceful flowers held on slender but strong stems. It is a sturdy variety which multiplies rapidly and looks best if naturalized among shrubbery or other perennial plants. 25¢ each; 3 for 65¢; 6 for \$1.25; 12 for \$2.40; 50 for \$9.15.

8559 Snow Queen Snow-white flowers borne in clusters of from 5 to 8 blooms on graceful slender stems. It is perfectly hardy everywhere. 25¢ each; 3 for 65¢; 6 for \$1.25; 12 for \$2.40; 50 for \$9.15.

8560 Siberian Iris, Mixed For mass planting this mixture will give the best effect. It contains the three different colors described above. It makes its best showing if planted liberally. 3 for 45¢; 6 for 80¢; 12 for \$1.55; 50 for \$5.85.

Anemone

8909 St. Brigid This mixture of beautiful Anemones contains a remarkable range of fine colors, including pink, rose, purple, lavender, violet, scarlet, crimson, and many intermediate shades.

St. Brigid Anemones are easily grown. They bloom profusely from early March until May. Autumn is the right time for planting, placing the bulbs from 2 to 3 inches deep, and from 5 to 6 inches apart. It is necessary to firm the soil around the bulbs in order to get a satisfactory start. Where the weather does not drop below zero, no special shelter will be needed, but during severe weather a cover of straw or strawy manure is needed. For winter blooming in the house treat the bulbs as you would Hyacinths or Tulips.

St. Brigid Anemones grow 6 to 12 inches tall, each stem carrying a large single, semi-double, or double flower, measuring nearly 2 inches in diameter. 3 for 25¢; 6 for 45¢; 12 for 85¢; 50 for \$3.10; 100 for \$6.00.

Anemone

8955 Lily-of-the-Valley

Few flowers are as well known and as much appreciated as the Lily-of-the-Valley. After once being planted in a suitable place they will increase in number and will produce their graceful and sweetly scented blooms every spring for an almost indefinite time.

We offer strong, field-grown clumps which must not be confused with the Lily-of-the-Valley pips that are used for forcing by florists. These clumps are intended for garden growing and will give immediate effect. 55¢ each; 3 for \$1.45; 6 for \$2.80; 12 for \$5.50; 25 for \$10.90.

All bulbs, roots, and seeds offered in this catalog will be delivered free either by parcel post or by express anywhere in the United States and its possessions, except where stated otherwise. We will send them to you by parcel post or express prepaid, whichever way seems best to us. To our Canadian and foreign customers we prepay the forwarding charges, but the customer pays the custom charges upon delivery.

CROCUS

Outdoors: Hardly any other flower is so well adapted for naturalizing in the lawn or the meadow as the Crocus. The graceful form of the bright flowers when they bashfully lift their heads just as if to peep and see if anyone else is out yet makes the Crocus one of the loveliest of all spring-flowering bulbs.

Crocuses look best when planted in masses either in the lawn, among shrubbery, in the woodland, or in beds or borders. They bloom early and will have finished flowering before the grass is ready for the first cutting, to come up again early the following spring. When the bulbs are planted, they should be covered with about 2 inches of fine soil. They will last almost indefinitely.

In the house: It is easy to raise fine Crocus indoors during the winter. The bulbs may be planted in shallow pans, pots, or boxes filled with any good garden soil. They should be planted closely together, with the bulbs almost touching one another, covering them so that just the very tops of the bulbs show above the surface. Water the pots or pans thoroughly before placing them in an airy, cool but frost-proof cellar and where mice cannot reach them. In three to five weeks' time the bulbs will have made a large number of fine roots and they are then ready to go in a bright, sunny window, where they will bloom profusely. The room where the bulbs are placed to flower should be reasonably cool.

9504 Baron Brunow A very fine deep purple; the best one in this color. The flowers are of largest size. 6 for 25¢; 12 for 40¢; 50 for \$1.45; 100 for \$2.75; 1000 for \$25.00.

9515 Golden Yellow A particularly fine variety with intense golden yellow flowers of large size and fine shape. The most outstanding yellow. In mass-planting Golden Yellow gives a particularly fine effect, and there is none better for winter-blooming in pots. It is a hardy and free-flowering variety. 6 for 25¢; 12 for 40¢; 50 for \$1.45; 100 for \$2.75; 1000 for \$25.00.

9523 Mont Blanc Purest white, with attractive large, orange anthers. The texture of the petals is white and wax-like, and forms a sharp contrast against the rich green foliage. 6 for 25¢; 12 for 40¢; 50 for \$1.45; 100 for \$2.75; 1000 for \$25.00.

9526 Pallas The bicolor varieties like Pallas are most attractive, especially if grown in shallow bulb pans for early indoor blooming. Pallas has large well-developed blooms with a white ground striped and splashed with a lovely lilac shade. The rich orange anthers form a sharp but pleasing contrast. 6 for 25¢; 12 for 40¢; 50 for \$1.45; 100 for \$2.75; 1000 for \$25.00.

9533 Sir Walter Scott White, striped with pale lilac. It is the delicate combination of the soft lilac upon the waxy white background which accounts for the popularity of this variety. 6 for 25¢; 12 for 40¢; 50 for \$1.45; 100 for \$2.75; 1000 for \$25.00.

9535 Purpurea Grandiflora This is a most distinctive variety of strong sturdy growth. The flowers are remarkably large. They are easily forced and come into bloom very early. The color of the flowers is a bright and glowing purple. 6 for 25¢; 12 for 40¢; 50 for \$1.45; 100 for \$2.75; 1000 for \$25.00.

9538 Blue and Purple Shades This is a mixture comprising various shades of blue and purple Crocus. Gives a fine effect, particularly when naturalized in masses. 6 for 20¢; 12 for 35¢; 50 for \$1.05; 100 for \$1.80; 500 for \$8.50; 1000 for \$16.00.

9496 **Snowdrops**

Snowdrops are so easily grown that no garden is complete without them. They are the first flowers of spring

(*Galanthus nivalis*) Who does not know Snowdrops? Hardly any poem ever written about spring passes them by without heralding them as the first messengers of spring. They are the earliest of all spring blooming bulbs and do well in any kind of garden soil. For naturalizing among shrubbery or in the perennial border they are superb. Where the ground is somewhat sheltered by a house or a wall the flowers will come through the ground as early as February, long before all snow has gone. By making plantings in locations of different exposures, it is easy to have a succession of blooms for two to three months every year. Usually the flowers begin to open up about two weeks before the first Crocuses.

The bulbs do best if planted in masses in a cool, moist, and shady place. Under such conditions they will increase rapidly with every year. Yet Snowdrops will make a fine show in almost any kind of soil and they can stand harder treatment than most other bulbs.

The bulbs should be planted as early in the fall as they can be had. In planting the bulbs cover them with an inch or two of fine soil and set them from three to four inches apart. Early every spring the bulbs will send forth their slender stems, each holding the gracefully drooping white flowers which are heralded as the first messengers of spring. 6 for 35¢; 12 for 60¢; 50 for \$2.10; 100 for \$4.00; 500 for \$24.00.

Chionodoxa **Glory of the Snow**

9480 Luciliae A fine bulbous perennial for the open ground and also largely planted in pots for winter blooming in the house. Any kind of well-drained garden soil will give wonderful results. The attractive flowers are more or less deeply tipped with blue at the ends of the petals. *Luciliae* is the most showy of all the early spring flowering bulbs. Plant three inches deep and as close as one inch apart and they will bloom during March and April. 3 for 19¢; 6 for 35¢; 12 for 60¢; 50 for \$2.10; 100 for \$4.00.

Fritillaria

8925 Mixed (Snake's Head)

These are comparatively little known, but deserve to be grown more widely. They are perfectly hardy and excellent for planting among shrubbery or in the perennial border. Along streams and where the ground is shaded they do particularly well. The bell-shaped flowers are curiously marked, not unlike the scales on a snake's head. They come in various shades and combinations of colors. There are very bright purple and bronze tints, also fine white ones, but all of them are marked with contrasting colors, including green. After they have once become established they will not only last for many years but will multiply quite rapidly. Plant the bulbs about 4 to 5 inches deep. 6 for 35¢; 12 for 65¢; 25 for \$1.20; 100 for \$4.50.

Ixia 9488 Mixed

A lovely spring flowering bulb which, however, is not always hardy north of Washington, even though it has come through the winter at various times when grown on Long Island and Massachusetts. For indoor culture plant 6 to 8 bulbs in a flower-pot filled with a good porous garden loam containing some leaf-mold and clean sand. Cover the tops with one inch of fine soil and place in a cool, dark spot where the temperature hovers around 45 degrees F. Water sparingly until leaf growth begins and then place in a sunny window but keep them at about 50 degrees F. When in full bloom give plenty of water. Our mixture contains pink, rose, crimson, orange, yellow, white, etc. 6 for 30¢; 12 for 50¢; 50 for \$1.85; 100 for \$3.50.

Bulbs for Winter-Flowering in the House

The bulbs listed on this page are all tender and cannot be planted outdoors where freezing weather occurs. They are, however, excellent for growing in the house or conservatory. Most of the hardy bulbs are also easily raised in the house for winter blooming, such as: Tulips, Hyacinths, Narcissus, Scilla, Grape Hyacinths, Spiraea, Lilies, Crocus, Snowdrops, Ixia, and Chionodoxa. Write for a free copy of the Burpee leaflet, "Bulbs for Winter and Spring Blooming."

Freesia—Purity

Freesia

9550 Purity Glistening, pure white flowers carried in long racemes. Blooms profusely and is very sweet scented. An excellent cut-flower for indoor blooming during the winter. Keep in a light room where the temperature is about 50 degrees F., where they will flower freely. Each stem carries five to eight large tubular florets. 6 for 35¢; 12 for 65¢; 50 for \$2.35; 100 for \$4.50.

9557 Rainbow Hybrids A beautiful strain with flowers ranging through yellow, lavender, pink, and purple—all very beautiful and delicate. The fine flowers are carried on long wiry stems. 6 for 40¢; 12 for 70¢; 50 for \$2.60; 100 for \$5.00; 500 for \$24.00.

Ranunculus

8980 French Mixed Showy double flowers in many bright colors except blue. Grows 6 to 12 inches tall and makes a fine plant for winter blooming indoors. Plant the bulbs 3 inches deep in boxes and keep around 45 to 50 degrees until in bloom. 3 for 25¢; 6 for 45¢; 12 for 85¢; 50 for \$3.10; 100 for \$6.00.

Calla

8919 Ethiopica (Lily of the Nile) The well-known white Calla Lily, with its attractive white flowers carried on a long stem above the rich green foliage. It can be grown easily in a moderately warm room at a temperature of about 55 degrees F. Very showy. 35¢ each; 3 for 95¢; 6 for \$1.80; 12 for \$3.50.

8918 Elliottiana (Yellow Calla) A most attractive variety with rich golden yellow flowers contrasting sharply with the variegated foliage of deep green splashed with white. For March and April blooming start the bulbs indoors the latter part of October. 35¢ each; 3 for 95¢; 6 for \$1.80; 12 for \$3.50.

Amaryllis

8903 Johnsoni A beautiful large trumpet-shaped crimson flower marked with a broad white stripe. Easily grown in the house in any moderately cool room. Barely cover the neck of the bulb and keep rather dry until it begins to sprout; then water regularly but not in excess. 75¢ each; 3 for \$2.05; 6 for \$3.95; 12 for \$7.75.

8907 Giant American Hybrids Contains a wonderful assortment of bright colors. The flowers are all very large and carried on a strong stout stem. This is so easily grown, with hardly any care, that every flower lover should have a few plants to brighten the home during winter and spring. 65¢ each; 3 for \$1.75; 6 for \$3.35; 12 for \$6.55.

Hardy Perennial Plants

Long-Spurred Hybrids

Aquilegia—Columbine

8900 Long-Spurred Hybrids

Our strain of this graceful free-blooming perennial is unexcelled. It includes a wonderful range of shades. Many are self colored in pink and light blue. Others combine blue and white, rose and white, yellow and blue, rose and yellow, and yellow and red, etc. Aquilegias are suitable for small as well as large plantings. They send forth during June a large number of strong, graceful spikes, carrying a mass of lovely slender-stemmed blooms. Perfectly hardy almost everywhere. 30¢ each; 3 for 85¢; 6 for \$1.60; 12 for \$3.05; 25 for \$6.00; 50 for \$11.90.

Achillea

8911 Ptarmica, Perry's White

This lovely Achillea gives an excellent display planted as a border or mixed with other Perennials. It is also very valuable for cutting. The plants grow 2 feet tall and bear a profusion of fine double white blooms carried on long stems. Achillea does well in almost any kind of soil, even those which are comparatively poor and dry. We consider this variety the best in existence. 30¢ each; 3 for 85¢; 6 for \$1.65; 12 for \$3.20; 25 for \$6.25; 50 for \$12.40.

We are offering on the following pages a list of the best perennials which should be in every garden. Planted this fall, they will give a splendid display during the coming year. Even though the raising of perennial plants from seed is fascinating, many of our customers prefer to start with small plants because raising perennials from seed requires somewhat more skill and patience. These plants are sure to give quick effects.

Delphinium—Hardy Larkspur

No garden is complete without some of these beautiful long-spiked flowers. Plant the roots about 4 feet apart and just lightly cover the top with an inch of fine soil. During severe freezing weather a mulch of straw or leaves, held in place by light boards or strings, will serve as winter protection.

8932 Bellamosum Strong stately spikes closely set with large double flowers of a rich dark blue color. Blooms freely during the month of June and gives a wonderful display in the garden. The spikes are also highly valued for cutting, as they last many days in water. 25¢ each; 3 for 70¢; 6 for \$1.35; 12 for \$2.55; 25 for \$5.00; 50 for \$9.90.

8931 Belladonna Perhaps this is the most popular of all the Hardy Delphiniums. The color of the flowers is a lovely light blue that defies description in its purity, softness, yet rich impression. The handsome spikes grow 4 to 6 feet tall and are covered with fine double blooms. We have a particularly fine strain of this. 25¢ each; 3 for 70¢; 6 for \$1.35; 12 for \$2.55; 25 for \$5.00; 50 for \$9.90.

8934 Gold Medal Hybrids A truly marvelous mixture of strong growing stately Delphiniums, including every shade from nearly white through light blue, deep blue, into rich and velvety shades of light and dark purple. 3 for 65¢; 6 for \$1.20; 12 for \$2.25; 25 for \$4.40.

Foxglove

Foxglove—Digitalis

8683 Gloxinia-Flowered This is more or less a woodland plant which thrives best in combination with shrubs or other perennials which will provide a certain amount of shade to the roots of the Foxglove. Our strain includes a wide range of colors. The plants are strong growing and produce handsome spikes closely set with fine double bell-shaped blooms. 3 for 65¢; 6 for \$1.20; 12 for \$2.25; 25 for \$4.40.

Bleeding
Heart

Funkia—Day Lily

8933 Undulata Variegata This variety combines the showiness of its flowers with the showiness of its variegated foliage. The oblong pointed leaves are bright green beautifully marked with white. Even when not in flower, the plant makes a fine appearance. The flowers are borne on stems about a foot tall and come into bloom during August. The blooms are borne in clusters and are a beautiful shade of light lilac.

Funkias are easily grown in almost any kind of soil but they do best if planted in a semi-shaded spot where they will not suffer from want of moisture, particularly during the summer. This Funkia is perfectly hardy and will persist continuously.

30¢ each;
3 for 85¢;
6 for \$1.60;
12 for \$3.05.

Gaillardia

Gaillardia

8676 Mixed This is also known under the name of Blanket Flower, perhaps because the bright yellow and red colors of the flowers have a certain resemblance to an Indian blanket. The flowers are carried on fine long stems and, in addition to making a fine display in the garden, they are much in demand as cut-flowers. 30¢ each; 3 for 65¢; 6 for \$1.25; 12 for \$2.40.

Bleeding Heart

9610 Dicentra spectabilis The Bleeding Heart is one of the earliest blooming of all Perennials. The plants make a sturdy bushy growth 2 feet tall and they may be used either as specimen plants, mixed in the Perennial border, or for planting in the foreground of shrubbery.

Bleeding Heart requires plenty of moisture during the growing season and a moderately heavy soil. A semi-shaded or sunny position is to be given the preference. The heart-shaped rose-pink flowers are borne freely above the Fern-like foliage. Blooms during April and May. The plants are ready for shipment in October. 55¢ each; 3 for \$1.45; 6 for \$2.80; 12 for \$5.50.

Hollyhocks

8678 Double Mixed Whether it is an old-fashioned garden you are planting or whether your design follows the modern trend, you should include Hollyhocks, as no other Perennial will give to your garden such stately effect. Most Perennials are quite bushy even though they may grow 2 to 3 feet tall, and Hollyhocks, with their strong upright spikes, are much needed to break the lines or serve as a background. Our mixture includes a wide range of beautiful colors. The flowers are extremely large, fully double, and they are closely set along handsome spikes. 3 for 65¢; 6 for \$1.20; 12 for \$2.25; 25 for \$4.40.

Hemerocallis

Hemerocallis deserves a place in every hardy garden. It can be used to good advantage in front of shrubbery or among other Perennials. The blooms are borne freely during the spring and early summer. Perfectly hardy.

Hemerocallis
Florham

8948 Thunbergii Rich yellow flowers during July. A strong grower, 2½ feet tall. The luxuriant foliage makes a fine show even when not in bloom. 25¢ each; 3 for 70¢; 6 for \$1.30; 12 for \$2.45.

Hibiscus

Oriental Poppies

Words could never describe the splendor of the Oriental Poppies. Such a richness and brilliancy of color and such regal splendor are not combined in many other Perennial plants. After the plants have become established they will produce a wealth of blooms year after year. They will last in water if cut when the buds open.

8679 Orientale (Scarlet) Brilliant orange-scarlet blooms of magnificent size standing out sharply from the dark green foliage. Remember that Oriental Poppies die down during the late summer to start new growth a few weeks later in the fall. 35¢ each; 3 for 80¢; 6 for \$1.50; 12 for \$2.90.

8680 Mrs. Perry A popular variety with beautiful large flowers of a soft salmon-rose shade. Very showy and always much admired. Blooms freely and makes a wonderful display during the spring. This also dies down during the summer to start into new growth a few weeks later. 35¢ each; 3 for 80¢; 6 for \$1.50; 12 for \$2.90.

Oriental Poppy

Pyrethrum

8681 Single Hybrids, Mixed Pyrethrums or Painted Daisies, as they are popularly called, deserve a place in every hardy garden. They are a mass of bloom during the month of May and early June. The large round flowers have a contrasting yellow disc surrounded by long and broad petals. Our mixture includes many shades of pink, rose, blush, and also rich red.

Pyrethrums are easily grown in any ordinary garden soil and they make a good display even where the ground is not particularly rich. 3 for 65¢; 6 for \$1.20; 12 for \$2.25; 25 for \$4.40.

Yucca plants are ready for shipment in October

Yucca—Adam's Needle

9635 Filamentosa This is the well-known Adam's Needle, which makes such a fine show even when not in bloom. The foliage is just like a clump of giant grass, 2 feet in height and 3 feet in diameter. The flower-spikes grow 4 to 12 feet tall, carrying a large number of creamy white bell-shaped blooms on a stately stem. The plants are in full bloom during June and early July. Yucca is easily grown anywhere even in poorer soil, being able to withstand a considerable amount of hot dry weather. 35¢ each; 3 for 95¢; 6 for \$1.80; 12 for \$3.50.

9636 Variegated Yucca This is an entirely new departure from the common Adam's Needle. The plants are smaller in habit of growth and stateliness but the variegated foliage adds another outstanding feature. The broad sword-like leaves are attractively striped and variegated with bands of white and creamy yellow. This is as easily grown as Filamentosa. The flowers are bell shaped, of a creamy white color, and they are carried in large clusters on strong stems measuring 4 to 12 feet tall. 90¢ each; 3 for \$2.50; 6 for \$4.85.

Burpee's Sweet Peas

For Fall Sowing

All the varieties of Sweet Peas listed below belong to the late or summer flowering type. This is the type for planting in the garden, but is not suited for growing indoors in the greenhouse. Every Sweet Pea lover should at least sow a short row of Sweet Peas during the fall, and our leaflet, "How to Grow Sweet Peas," gives full instructions. Write for a free copy of it. Fall-sown Sweet Peas begin to bloom early in the season and produce usually a much larger crop of flowers.

Perennial Flower Seeds

Perennials are the chief standby of the old-fashioned gardens. They require little attention and respond generously to increased care and thorough cultivation. After once being established they will not only last many years but also increase in beauty with every season. The seed of perennials may be sown indoors almost any time of the year. Summer and fall sown seed should best be made in specially prepared beds, preferably boxed in with 8 or 10 inch boards and covered with a screen of lath or wide-meshed burlap. During the winter a covering of leaves or strawy manure after the frost has touched the foliage is all the protection needed.

Achillea 3702 *Ptarmica*, fl. pl. Pearl (Milfoil; Yarrow) Small double white flowers borne in great profusion; 2 feet tall. Grows well in any kind of soil even if partly shaded. The foliage is dwarf and compact, above which rise numerous graceful flower-spikes. The colors range from white through pink and rose to crimson. The spikes grow 12 inches tall. A very fine plant for the rock-garden, growing most freely in loose, rich soil. The plants bloom profusely from May until July. Pkt. 25¢; 1/16 oz. 65¢; 1/8 oz. \$1.10; 1/4 oz. \$1.90; 1/2 oz. \$3.25.

Hollyhocks

Every old-fashioned garden must have Hollyhocks. They have been favorites for many generations and our present-day strains excel the old-fashioned type in size, freedom of flowering, strong constitution, and doubleness of the blooms. The plants grow 6 to 8 feet in height and produce their magnificent flower-spikes during June and July.

Double Hollyhocks

Our strain of Double Hollyhocks is without equal. It produces tall spikes closely set with rounded double flowers. The colors have been carefully selected as to purity and richness. The plants are sturdy, strong growing, and free flowering.

3822 Double Mixed All the separate colors listed above have been properly blended in this excellent mixture to make sure that it will give a showy display. Pkt. 10¢; 1/8 oz. 30¢; 1/4 oz. 50¢; 1/2 oz. 85¢.

3828 Single Mixed There has always been quite a demand for Single Hollyhocks, particularly in mixture, because these bloom more continuously than the double flowered varieties. Pkt. 10¢; 1/8 oz. 25¢; 1/4 oz. 35¢; 1/2 oz. 55¢.

Double Hollyhocks

3826 Allegheny A most unusual but remarkably attractive type of Hollyhocks in which the edges of the individual flower petals are finely fringed and curled. This adds greatly to the attractiveness of the blooms and takes away somewhat of the stiff effect. This strain contains many colors in a bright assortment. The blooms are either single or semi-double. They are of large size; borne along a graceful and stately stem. Pkt. 10¢; 1/8 oz. 25¢; 1/4 oz. 35¢; 1/2 oz. 55¢.

Iceland Poppy

3849 Mixed (*Papaver nudicaule*) The flowers are produced on fine stiff stems 18 inches long, and come in white, yellow, and orange shades. They bloom most profusely during spring, summer, and fall. Pkt. 15¢; 1/8 oz. 30¢; 1/4 oz. 50¢; 1/2 oz. 85¢.

Lupines These are truly beautiful, blooming the second season after sowing. They thrive in any ordinary garden soil and make a wonderful display.

3844 White Beautiful pure white flower-spikes; much used as cut-flowers. Free blooming, lasting long after cutting. Pkt. 10¢; 1/4 oz. 25¢; 1/2 oz. 40¢; oz. 70¢.

3844a Rose A fine rich shade of rose. An excellent cut-flower with long strong flower-spikes. Pkt. 10¢; 1/4 oz. 25¢; 1/2 oz. 40¢; oz. 70¢.

3845 Blue Bright blue flowers borne freely during June. A most popular variety. Pkt. 10¢; 1/4 oz. 25¢; 1/2 oz. 40¢; oz. 70¢.

3846 Moerheimi Rose and white flowers on long spikes. Pkt. 15¢; 1/4 oz. 35¢; 1/2 oz. 55¢; oz. 95¢.

Lychnis (Burning Star)

3846a Viscaria Splendens (Maltese Cross; Ragged Robin) A fine border plant with deep red flowers. Blooms during June and July; 2 feet tall. Pkt. 10¢; 1/8 oz. 25¢; 1/4 oz. 35¢.

Lupines

Lythrum 3838 Roseum Superbum (*Loose-strife*) Fine long heads of rich purplish red flowers from early July until late September; 2 to 4 feet tall. Pkt. 15¢; 1/16 oz. 50¢; 1/8 oz. 85¢; 1/4 oz. \$1.45.

Pentstemon 3854 Giant Floradale Contains many beautiful shades. The flowers average 1 1/2 inches in diameter, and the spikes grow 18 inches long. They are thickly set with flowers. Blooms freely and continuously. Pkt. 15¢; 1/16 oz. 35¢; 1/8 oz. 55¢; 1/4 oz. 95¢; 1/2 oz. \$1.65.

Perennial Baby's Breath

3807 Single (*Gypsophila paniculata*) The tiny white flowers are borne on slender stems. The plants bloom very profusely during June and July. Pkt. 10¢; 1/4 oz. 30¢; 1/2 oz. 50¢.

3799 Double Baby's Breath The small double white flowers are borne most profusely. This is a decided improvement on the single variety because of its great showiness. Attractive in the garden; extremely valuable for cutting. Pkt. 25¢; 1/16 oz. 60¢; 1/8 oz. \$1.00.

Perennial Candytuft

3829 (*Iberis sempervirens*) This is a favorite perennial, bearing handsome trusses of pure white flowers. The plants are of dwarf growth, not more than 12 inches tall, and are wonderfully adapted for edging or rockwork. They bloom freely and make a solid bed of white flowers during late April, May, and June. Pkt. 20¢; 1/8 oz. 60¢; 1/4 oz. \$1.00; 1/2 oz. \$1.70.

Perennial Flax

3841 (*Linum perenne sibiricum*) A rich blue-flowered Flax. The attractive flowers last only a day, but they are borne continuously from July on; 15 inches tall. Pkt. 10¢; 1/4 oz. 25¢.

Platycodon

3857 Grandiflorum Mariesii (Chinese Bell-flower) The bell-shaped rich blue flowers are borne profusely during the summer and early fall. It blooms freely and is perfectly hardy; 18 inches tall. Pkt. 15¢; 1/16 oz. 25¢; 1/8 oz. 40¢.

Polyanthus

3859 Large Flowering, Mixed Charming early spring-flowering plants. Perfectly hardy and most effective for beds or masses. The range of colors includes many fine shades and combinations of white, yellow, rose, red, and violet, also salmon, copper-brown, orange, scarlet, lilac, and mahogany-red. Pkt. 15¢; 1/16 oz. 45¢; 1/8 oz. 75¢; 1/4 oz. \$1.25; 1/2 oz. \$2.15.

ASPARAGUS ROOTS

In nearly all sections south of Philadelphia Asparagus Roots have proven to do particularly well if they are planted in the fall just before cold weather sets in. Since the introduction of the Washington varieties, all the older varieties have become more or less obsolete, at least for the home gardener, and for this reason we are offering the variety Mary Washington, which we consider the best of all.

We are often asked whether to plant one or two-year-old plants. There seems to be no question that for permanent results the one-year-old roots are preferable. They are much easier to plant and get accustomed more quickly to their new location. They will, however, require a little longer before they can be cut heavily. For quick results the two-year-old roots are recommended. If planted in the fall, they can be cut in a limited way during the second spring.

Mary Washington

A Most Remarkable almost Rust-Proof Asparagus

This Asparagus originated with the Department of Agriculture in Washington, D. C., and has been carefully selected so that it will come absolutely true. The most outstanding feature about Mary Washington Asparagus is its resistance to rust. Those who have had trouble with older varieties on account of rust can appreciate what this feature alone means. Mary Washington Asparagus always brings the highest market prices because of its exceptionally large size and good appearance. Home gardeners will find that it is easily grown and outyields all other older varieties. The plants form large clean shoots which are extremely thick and heavy. They are long and straight, with closely folded tips. The color of the stalks when grown under ordinary garden culture is a rich dark green and the tips are a still deeper color of green. When grown by the blanching method they are a fine creamy white color.

Mary Washington Asparagus is a tremendous yielder and a long-lived producer of exceptionally fine flavor. The original mother plant, which is now over sixteen years old, is still growing in the trial grounds of the Department of Agriculture in Washington. This is ample proof that the variety is exceptionally long lived. When first introduced some Asparagus specialists were in doubt whether such a succulent strain could withstand yearly severe cutting. There exists no doubt about this after growers everywhere have given it some most severe tests.

Plant your Asparagus in a well-drained soil having a southern exposure. Set the roots 12 inches apart in rows with 4 feet between the rows. 10,000 plants are required to set one acre.

9 Seed of Mary Washington Asparagus

We are offering an outstanding and perfectly true to type strain of seed which can be depended upon to produce uniform plants, embodying all the fine characteristics of this wonderful variety. Pkt. 10¢; oz. 25¢; 4 ozs. 75¢; ½ lb. \$1.15; lb. \$2.00, postpaid.

ONION SETS

9935 Egyptian, or Perennial Tree

This is a valuable variety because the bulbs are perfectly hardy and can therefore be planted during the fall. They may be left in the ground year after year without injury. The coppery red bulbs are quite flat and produce excellent scallions for early spring use. If left growing they will make a medium size bulb that can be harvested at the end of the season. These sets will be ready for delivery in September and should be planted upon receipt. Lb. 35¢; 2 lbs. 65¢; 5 lbs. \$1.40, postpaid. By express or freight, 100 lbs. \$20.00.

Burpee's Lawn Grass

FOR SUMMER and FALL SOWING

6145 Burpee's Fordhook Finest Lawn Grass

We believe that our Fordhook Finest Lawn Grass is unequaled in every respect. Careful experiments have proven that best results with the lawn depend upon the use of the proper mixture of the right kind of grasses with high germination.

Fordhook Finest contains a well-balanced blend of various American and foreign fine-bladed and deep-rooting varieties which have given best results under the varied conditions of soils and climate met with in America. Fordhook Finest will make a smooth, green, velvety sod with a thick bottom. It is free from common grasses which produce clumps and knots in the lawn, greatly spoiling the desired smooth deep effect.

Fordhook Finest Lawn Grass contains no chaff and weighs 25 to 27 pounds per measured bushel. A small quan-

Part of the Fordhook Lawns

tity of white clover is included in Fordhook Finest Lawn Grass, but only sufficient to help thicken the bottom of the sod. Those who prefer much clover could add White Dutch Clover, offered below, at the rate of 4 ozs. for each 5 lbs. of grass seed.

One pound of seed is sufficient to sow a plot 15 x 20, or 300 square feet. One hundred pounds per acre are sufficient for careful seeding, but it is better to use 150 pounds per acre where it is desired to have a good close turf from the start.

Ask for a free copy of the Burpee leaflet, "How to Establish a Lawn." Lb. 60¢; 2 lbs. \$1.10; 5 lbs. \$2.50; 10 lbs. \$4.75, postpaid. By express or freight, 25 lbs. \$9.75; 50 lbs. \$18.50; 100 lbs. \$35.00; 250 lbs. \$85.00; 500 lbs. \$165.00.

6147 Golf Links This mixture is composed exclusively of fine-bladed grasses which will withstand frequent close cutting and trampling. It is free from weed-seed and contains no white clover, the latter not being suitable for the closely cut golf lawn.

We have made a special study of this subject to make Burpee's Golf Link Mixture the standard. Sow 150 lbs. per acre. Lb. 60¢; 2 lbs. \$1.10; 5 lbs. \$2.50; 10 lbs. \$4.75, postpaid. By express or freight, purchaser paying for transportation, 25 lbs. \$9.75; 50 lbs. \$18.50; 100 lbs. \$35.00; 250 lbs. \$85.00; 500 lbs. \$165.00.

6158 Putting Greens A mixture of many varieties of Bent grasses with a preponderance of Creeping Bent. These grasses are the most satisfactory for putting greens, as they make a smooth even growth which will withstand frequent close cutting and intense trampling. The seed we offer is of the highest quality. Lb. \$1.15; 2 lbs. \$2.20; 5 lbs. \$5.25; 10 lbs. \$10.25, postpaid. By express or freight, at purchaser's expense, 25 lbs. \$25.00; 50 lbs. \$45.00; 100 lbs. \$85.00.

6146 Sunny South Lawn We have prepared a special mixture that is particularly suited for the hot, dry sections of the South. With care and regular watering, Sunny South Mixture will produce satisfactory lawns under the most exacting conditions of weather and soil. Lb. 50¢; 2 lbs. 95¢; 5 lbs. \$2.35; 10 lbs. \$4.25, postpaid. By express or freight, purchaser paying for transportation, 25 lbs. \$9.00; 50 lbs. \$17.50; 100 lbs. \$34.00; 250 lbs. \$83.00; 500 lbs. \$160.00.

6149 Shady Nook We have prepared this mixture, which is composed entirely of choice, clean seed of the finest and most costly grasses adapted for semi-shaded locations. It will make a fine lawn where trees or large buildings prevent the ordinary mixtures from growing satisfactorily.

Sow 150 lbs. per acre. Lb. 60¢; 2 lbs. \$1.10; 5 lbs. \$2.50; 10 lbs. \$4.75, postpaid. By express or freight, purchaser paying for transportation, 25 lbs. \$9.75; 50 lbs. \$18.50; 100 lbs. \$35.00; 250 lbs. \$85.00; 500 lbs. \$165.00.

6144 Terrace Sod The terrace is oftentimes a source of a great deal of worry and trouble. This is largely due to the fact that the right grasses are not used in the making of the terrace sod. We have prepared a Special Mixture containing only those grasses that are best adapted to embankments and terraces. These grasses are all deep-rooted.

Sow 150 to 175 lbs. per acre. Lb. 60¢; 2 lbs. \$1.10; 5 lbs. \$2.50; 10 lbs. \$4.75, postpaid. By express or freight, purchaser paying for transportation, 25 lbs. \$9.75; 50 lbs. \$18.50; 100 lbs. \$35.00; 250 lbs. \$85.00; 500 lbs. \$165.00.

6113 White Dutch Clover While our mixtures, except Golf Links, Putting Greens, and Sunny South, contain a small quantity of White Dutch Clover, many gardeners like to sow an additional quantity of it. Use at the rate of one pound of Clover for 20 pounds of grass seed. Pkt. (4 ozs.) 30¢; lb. 80¢; 2 lbs. \$1.55; 5 lbs. \$3.75; 10 lbs. \$7.00, postpaid. By express or freight, at purchaser's expense, 100 lbs. \$60.00.
